TWO RIVER SPANS CONTINUE TO SET NEW REVENUE MARK

Such Total $531,857 During First 3 Months of the Year

1,944,599 VEHICLES

Gain of 24.03 Per Cent Over Same Period of the Year 1951

Special to Courier

PALMYRA, N. J., Apr. 24 — The Tacony - Palmyra and Burlington-Bristol bridges continued to set new revenue and traffic marks during the first three months of this year.

In his quarterly report, Fred C. Norcross, Jr., secretary - treasurer of the Burlington County Bridge Commission, disclosed that revenues, from Jan. 1 to March 31, totaled $531,857.07. This was an increase of $98,784.41 or 22.81 per cent over the first three months a year ago.

During the 91-day period, he said, a total of 1,944,599 cars, buses and trucks traveled over the two spans. This was a gain of 376,748 or 24.03 per cent over the same period in 1951.

Norcross added that $104,294.02 was produced in revenues on the Burlington - Bristol bridge during this period, a gain of $32,931.61 or 46.15 per cent. The span's traffic count totaled 391,932, an increase of 131,187 or 50.31 per cent.

March revenues on both spans totaled $186,780.96, an incrase of $24,588.73 or 15.16 per cent over the same montlf a year ago. During the 31-day period, a total of 681,073 vehicles crossed the two spans. This was a gain of 92,112 vehicles or 15.64 per cent.

Since Oct. 23, 1948, when the commission acquired the two spans, they have produced revenues of $6,642,858.49. The traffic count, Norcross said, was 24,512,875 vehicles.

During the 41 months of operation by the bridge commission, the Tacony - Palmyra span's revenues totaled $5,601,050.47, and 20,648,356 vehicles traveled over the bridge.

The Burlington - Bristol bridge's revenues, during this period, totaled $1,041,808.02 and its traffic count was 3,864,519 vehicles.

A breakdown on the March report follows:

Tacony-Palmyra bridge: Revenues, $150,231.20, an increase of $14,823.75 or 10.95 per cent; traffic, 543,617, an increase of 53,032 or 10.81 per cent.

Burlington-Bristol bridge: Revenues, $36,549.76, an increase of $9,764.98 or 36.46 per cent; traffic, 137,456 vehicles, an increase of 39,080 or 39.73 per cent.

Many Mill St. Stores To Be Open Thursday Nights

"As an added shopping convenience many Mill street stores will be open Thursday nights, starting May 1st. This will be in addition to the stores being open on Monday and Friday evenings," it is announced.

The Mill street merchants who will have their stores open on the additional evening believe this will prove an incentive for people to shop earlier during the week.

TALK ON ANTIQUES

GROUND-BREAKING TO TAKE PLACE IN '52

Lower Bucks Co. Hospital Plans Advance; Project Is Sizeable

STATEMENT IS ISSUED

With the arrival of spring-like weather has come also an avalanche of inquiries to the Public Relations Committee as to when ground breaking for the Lower Bucks County Hospital is to take place. The committee chairman can state at this time only that ground breaking definitely shall take place sometime this year. The Lower Bucks County Hospital has grown to considerable size. The many and varied stipulations that must be complied with as the result of recommendations made from surveys by the state and federal agencies has had the effect of extending the original time schedule set for the hospital.

A statement from a spokesman says:

"The hospital, as with any construction, must find its way from first the drawing boards where the structure must be conceived from an idea to drawings on paper. Once the drawings are approved, then comes the transition to the details in blue print form. These details must be calculated and worked out to comply with the highest standards required by not only the hospital organization, but also those set by the state and the federal government agencies. This phase of the work has been going on continuously since the conclusion of the original fund raising campaign. It must be remembered that the

Newtown Ambulance To Be Available April 26th

NEWTOWN, Apr. 24—The American Legion announces the ambulance acquired in the recent drive will be in operation commencing April 26th, the funds collected to date being $6620. It will be served by a picked crew of drivers on a 24-hour basis. Many Legion members are taking the first aid course being sponsored by Red Cross. In addition, each driver is taking specific instruction in the operation of the ambulance and equipment.

The ambulance will be dispatched in all emergencies and on orders of a physician. For service call Newtown 3591.

Booths will be manned by Red Cross workers at the post office arcade, Apr. 25th and 26th, to sell tickets for a "movie" to be shown at Towne Hall the following weekend. This will be a benefit performance, sponsored by Newtown Red Cross. Proceeds will go for mid-west flood relief.

Clean Up-Paint Up-Fix Up

Streets and highways are no place for odds and ends of rubbish, neither is the vacant lot next door. We know it seems easier to keep our own place free of trash by dumping or tucking it into the nearest half hidden spot we can find, but this also seems somewhat like the little fellow who considers himself washed when a spot around his chin has been dutifully soaped and rubbed off on the towel. Cleanliness should not end with one's own property line. When we come to feel that the whole town is our own front yard, then we will find a pride in cleaning it up and keeping it that way all of the time.

Backed by the Lower Bucks Co.-Bristol Chamber of Commerce, the Clean Up—Paint Up—Fix Up period will begin in Bristol on Saturday, May 3rd, and continue through Saturday, May 17th.

"WASHINGTON REPORT"

By FULTON LEWIS, JR.

(Copyright, 1952, King Features Syndicate, Inc.)

CHICAGO, April 24 — In the fifteen states which have selected delegates to the Republican national convention here in July, Senator Robert A. Taft, of Ohio, has already won more than he had in 1948 in all but three contests. In these three he stayed even with his 1948 record.

The Ohio Senator got 224 first ballot votes in 1948. He now has 208 compared to General Eisenhower's 120. But the significance of Taft's standing lies in the fact that he has ahead of him delegate contests in which he is virtually assured an additional 164 delegates.

This would leave the senator far short of the 603 needed to win a first ballot nomination, but it is a powerful block of votes and an excellent persuader for uncommitted delegates who will be here, window shopping for the man who looks like a winner.

In the latest contest, New Jersey, Taft picked up six delegates where he expected none. He did not have any from New Jersey in 1948.

On May 6, Massachusetts, Maryland and Ohio pick their convention delegates. The senator's backers claim he is assured of 56 in Ohio, at least 12 in Maryland and 10 in Massachusetts.

This leaves West Virginia, Oregon, California and South Dakota. California has 70 delegates, none of which will go into the Taft corner. Gov. Earl Warren will get them all, and will hand them to Eisenhower. In Oregon, it's the same story. The 15 votes there will probably go to Warren and then Eisenhower. West Virginia has 16 delegates and Taft's backers are banking on capturing 15 of them. In South Dakota, Taft is expected to pick up 7 out of 14. He had none in any of these four states in 1948.

The South, according to Taft's campaign managers, will supply the senator with additional delegates that were unpledged in the race four years ago. Taft already has 12 in Florida, 19 in Kentucky, 13 in North Carolina and 19 in Tennessee.

Collecting delegates in the South for Taft has been the chore of Representative Carroll Reece, the Tennessee congressman, and former G.O.P. national chairman. Reece is predicting that Taft will get 30 out of 38 Texas delegates, six out of six in South Carolina, nine out the 15 in Louisiana; 12 out of 26 in Missouri and 12 out of 14 in New Mexico.

The Senator already seems assured of 20 out of 23 delegates in the state of Virginia, and 12 out of 16 in Oklahoma. Reece was largely responsible for the state of affairs in Virginia. He personally organized the campaign in Arlington county that resulted in the most

PLANNING COMMISSION OFFERS ASSISTANCE

Makes Technical Knowledge of Staff Available To Township Officials

SUBDIVISION RULES

As a measure to increase effectiveness of the subdivision regulations of the Bucks County Planning Commission, Howard M. Barnes, chairman of the commission, on April 21st sent the enclosed letter to the township commissioners, supervisors and secretaries in lower Bucks county.

"Our Commission, as you doubtless know, for more than four months has been reviewing all plats in the county which divide land into three or more parcels. This has been done under authority of the state enabling legislation under which the Commission was established by the county commissioners in 1951. In order to make sure that the decisions of the Commission will be fair and in the best interests of the health and welfare of all citizens of the county, regulations governing the subdivision of land have been adopted. These regulations were sent to you in March, as soon as they had been printed; we hope that you received them and that they have been of use.

"The Commission regards the administration of these regulations as an undertaking in which they need the cooperation of local officials and also one in which we may help supervisors with some of the difficult development problems which they face.

"It will be of the greatest assistance to the Commission if you will call the subdivision regulations and procedures to the attention of all developers with whom you come in contact.

"We hope that the Commission can be of help to supervisors and believe that the first step to take in this direction is to make available to you the technical knowledge of our staff.

"Please let me know if we can be of service to your township."

PLAN DANCE

TULLYTOWN, Apr. 24—On April 26th a square and ballroom dance will be held at 8.30 p. m., in Tullytown Fire Co. station, sponsored by Home and School League. An orchestra will furnish music. VOTING REGISTRATION TO BE RESUMED SOON

Applicants Urged To Appear At Doylestown Office To Avoid Waiting Later

RESUMPTION APRIL 28

Following the 50-day closed period for registration for voting prior to Tuesday's primary, the Bucks County Registration Commission announces the resumption of registration at its Doylestown office, Administration Building, on Monday, April 28th.

The office will be open daily from 8.30 a. m. to four p. m., and Saturdays until 12 noon (legal holidays excepted), up to, and including Sept. 13th, when registrations will again close for the 50-day period prior to the general election,, Nov. 4th. Registering during this period —Apr. 28th to Sept. 13th, inclusive, will create eligibility to vote at the presidential election, Nov. 4th. Removal notice cards from registered-electors in Bucks county, who have moved within the county, will also be executed and received during this period. Under the provisions of the law, party changes may not be made until Dec. 5th, following the general election.

In addition to Doylestown office hours, travelling boards of registrars will again tour the county, sitting in the various boroughs and townships, beginning Aug. 4th, through Aug. 28th, inclusive (Saturdays and Sundays excluded). The definite dates and places of the travelling registration will be advertised in seven Bucks county

'Plane Explodes; 4 Vacationing Americans Killed

Ensenada, Mex.—Four vacationing Americans today were reported killed when a single-engined plane exploded in mid-air and crashed into boulder-strewn terrain in Baja California, Mexico.

Uncover 3 Bushels of Deadly Weapons at Prison

Jackson, Mich.—Jackson prison officials said today that three bushel baskets of deadly weapons were uncovered by state troopers and guards who combed the riot-torn yards with six mine detectors. Four hundred additional weapons were added to the haul after a shakedown of two cell blocks. The weapons included knives, meat cleavers, wrenches, lengths of pipe, baseball bats and a pitchfork.

Meanwhile, James Akin, one of the nine guards still held by rebels in cellblock 15 at Jackson, was released today, suffering from a nervous collapse. He said his nerves "gave way" but that he "wasn't mistreated."

Publishers to Vote on Resolution Censuring Truman

New York—The American Newspaper Publishers Association votes today on a resolution censuring President Truman for his seizure of the steel industry and for implying he has the power to seize the press. The resolution was introduced at the ANPA's 66th annual convention in New York by Maj. Gen. Julius Ochs Adler, vice president and general manager of the New York Times.

Taft and Eisenhower Running Neck and Neck

Washington—A box score of the Republican presidential primaries to date shows that Sen. Taft (R) Ohio and Gen. Eisenhower are running almost neck and neck in the race for delegates. Taft has 10 more than Ike, leading 235 to 225.

Senate Vote Nearly Abolishes RFC

Washington—Administration forces supporting a bill to revamp the Reconstruction Finance Corporation smarted today under the lash of a Senate vote that nearly abolished the agency. Sen. Fulbright (D) Ark., sponsor of the bill, said he will confer with Senate leaders to decide whether to make another fight. The Senate sent the Fulbright bill back to the Banking Committee after the legislators, by a surprise vote of 42 to 37 tacked on an amendment offered by Sen. Byrd (D) Va., which would liquidate RFC.

Newtown Businessmen Seek Parking Survey

NEWTOWN, Apr. 24—Stanley B. Sutton, Jr., was elected president of Newtown Businessmen's Association, Tuesday evening, at the Temperance House. Forrest Bliem was elected vice - president, and Raymond Goodnoe, treasurer. Members of the executive committee elected are: Peter Chesner, Brinton Hogeland and Mrs. Harriette Lutz.

Charles Mensch, of the retail committee, reported that merchants will display antiques, relics, etc., in keeping with the historic atmosphere of Newtown, on May 17th at "Open House" day to be celebrated then.

After much discussion as a result of the address of Michael Rapuano before the association last week, the association moved to request borough council to have the Planning Commission make a survey of the parking situation and possibilities adjacent to the business area.

The First National Bank and Trust Co., which has provided parking space for the town will have a sign directing people there, which will be placed at the intersection of State street and Centre avenue.

SESSION HERE PROBABLY LAST CONCERTED EFFORT TO REVIVE LAGGING ENTHUSIASM ON JOINTURE, DELHAAS JOINT BOARD AND BRISTOL BOROUGH SCHOOL BOARD

THE BASIC CHOICE

In the last analysis, the choice for the Republican nominee for president is one which will be made in the hearts and minds of the delegates themselves.

Pledged or unpledged, these delegates face in the privacy of their consciences the most weighty decision which perhaps any such body of men and women has undertaken in all the long history of our country.

Nationally we are at a crossroads, and the Republican nomination will set the course not for years but for generations.

If the Republican Party comes forward with a winner who believes heart and soul in the American Constitution and in our national traditions, not merely the election next fall, but the world itself will be vastly different than it will be if the Party repeats its mistakes of the past two decades, picks another me-too loser, and lets the demoralized Democrats win by default.

Two men, from wholly different backgrounds, are the rival contenders for the Republican nomination who have left all other competition far behind.

The time is ripe to strike a balance-sheet between them. What has each to offer, and what are their potential handicaps?

A. Political experience.

EISENHOWER. None.

TAFT. Climbed the ladder from representative in the Ohio legislature (1921-26) through the speakership, the state senate, and since 1938, in the United States Senate, where he has come to deserve the apt nickname of "Mr. Republican".

B. Successful political campaigns.

EISENHOWER. None; never ran for public office.

TAFT. Never defeated. Was one of the principal Republicans who turned back the New Deal at its Maine-Vermont high tide by his success in recapturing one of Ohio's U. S. Senatorships from the Democrats in 1938. In Ohio two years ago, when Taft was up for re-election, the White House, the national Democratic organization, and an army of CIO-PAC and other labor political groups set out to "purge" him. In a sensational whirlwind campaign he rolled back this mass opposition, scored a terrific landslide of some 600,000 majority, and even captured one after another of the state's labor centers.

C. Experience in debating national issues.

EISENHOWER. Virtually none.

TAFT. Has been a Republican floor leader for years, and as such has debated all public questions with the New Deal ora-

Seaboard Container Corp. Calls Special Meeting

Pursuant to a directors' meeting, a special meeting of stockholders of the Seaboard Container Corporation to consider proposed changes in the corporation's charter will be held at the offices of the company here on Monday, May 12, at two o'clock. The announcement was made by President Fredric R. Mann.

"The shareholders will be asked to remove from the charter any mention of the 5½% Convertible Preferred Stock, par value $20, all of which has been redeemed and therefore is no longer in existence," President Mann said. "They will be asked to increase the non-cumulative cash dividend priority of the Class A stock over the Class B stock from 50 cents to 80 cents a share annually when and as declared by the board of directors, after which all shares would receive equally any further dividends declared. The stockholders will also be asked to authorize the directors to declare stock dividends at any time on both Class A and Class B common stock, share and share alike."

Anniversary of Salon is Marked by A Ham Dinner

LANGHORNE, Apr. 24—The 25th anniversary of Bucks County Salon, No. 74, 8 'n' 40 Societie, was observed last evening in Cadet hall. The affair was outlined to include a baked ham dinner, short business meeting, exchange of "Pollyanna" Easter gifts, and quiz games. Mrs. Ira Smith favored with piano soli.

Mrs. Harlan Everitt, of Elkins Park, president of the unit, presented each member with a pair of earrings and a carnation.

Covers were arranged for 31, and a large "birthday" cake was cut.

Among the guests were six from Montgomery County salon, including the president, Mrs. Ann Crouthamel.

The unit received messages of thanks from two ill children for toys sent them.

At the May meeting in Bristol, members from the Fallsington area will be hostesses.

AMBULANCE SERVICE

Three men were transported in ambulances of Bucks County Rescue Squad: Yesterday afternoon, Walter Downs, Penndel, to Jeanes Hospital, Philadelphia; last evening, Benjamin Gledhill, Maple Shade, to Mercy Douglass Hospital, Philadelphia; William Bradley, Philadelphia, to Harriman Hospital.

PLAN POLICE DEP'T FOR FOUR DISTRICTS

New Dep't Is Now Being Organized To Take Over Duties

NAME A COMMITTEE

TULLYTOWN, Apr. 24 — At a meeting held yesterday afternoon in the Tullytown Fire Co. station, representatives from the townships of Bristol, Falls, and Middletown, and the borough of Tullytown, gave consideration to the organizing of a cooperative, joint police department for the Levittown area.

It was agreed that a cooperative police department should be organized, and a committee was named to work out the necessary details.

This committee consists of: Raymond Pope, acting chairman of police committee of the board of supervisors of Falls township; Franklin Kirby, chief of police, Falls township; Frank Hibbs, chairman of the police committee of Bristol township; Joseph Seader, chief of police, Bristol township; J. Russell Newbold, chairman of police committee, Middletown township board of supervisors; Victor Scheese, constable of Middletown township; John Luciano, chairman of police committee of Tullytown borough; and John Kratz, chief of police of Tullytown borough.

Mr. Levitt said he was delighted with the cooperative spirit manifested.

He agreed to supply headquarters for the police department. This will probably be located in Levittown. It is thought that two additional police cars will be purchased immediately, and perhaps more later. Agreement is to be reached upon the purchase and style of uniform for the officers.

Discussing Grievances Today; Workers Return

The 150 employees of Kaiser Metal Products, Inc., who had reported off "sick" a few days ago, have returned to their posts, according to officials of the United Auto Workers of America.

Those on "C" shift were back at their jobs at 10.45 last night; and the "A" shift group was at work at seven this morning.

A meeting of management and union representatives was scheduled to be held at nine this morning at the Kaiser plant, when grievances were to be discussed.

Roy Cleaver, of State Dep't of Instruction, Discusses Consolidation

100 ATTEND MEETING

Says Merging is Dependent On "Spiritual Meeting of Minds"

What was probably the last concerted effort to revive lagging enthusiasm concerning a jointure of the Delhaas Joint School Board and the Bristol Borough School Board took place last evening, as school board members, councilmen and commissioners and others interested from Bristol Township and Bristol and Tullytown boroughs listened to State official, Roy Cleaver, speak on the subject of consolidation of school districts.

A proposal to Bristol Township districts to plan a joint high school with Bristol borough was rejected by the Bristol township district several weeks ago.

Cleaver, Adviser in the Division of Consolidation and Transportation in the Department of Public Instruction, addressed the group of almost 100 residents in the Fifth Ward Sporting Club, Wood and Taylor sts., at 7.30 last evening. The meeting was sponsored by the Bristol Chamber of Commerce as a public service and in response to requests received for such a meeting.

Cleaver stated at the outset that any consolidation or merging of school boards was dependent on a "spiritual meeting of the minds between the two boards" without which nothing can be effectively accomplished. There were no indications of agreement or of future agreement exhibited at last night's meeting.

A general background of the growth of joint school districts in the state was presented by Cleaver. He stated that the first joint school act was passed in 1854, indicating that state officials realized even then that some school districts were too small to supply adequate

Alan Cranston, of UWF, Will Visit Bucks County

Alan Cranston, president of the United World Federalists, will make a personal visitation to Bucks County tomorrow to be the main speaker at the Bucks County chapter meeting of the UWF.

Earlier in the day Cranston will be in Philadelphia to discuss plans for the UWF national convention which comes to that city in June.

Cranston, former newspaperman and widely-konwn author and lecturer, will speak at the Washington Crossing Inn on "Arms Cost and UWF." Nelson W. Goodwin, of Pidcock Creek road, New Hope, is president of the Bucks County group.

Cranston, a native Californian, has been a first hand observer of international politics for 16 years, starting in 1936 as foreign correspondent for International News Service in England, Italy and Ethiopia.

During World War II, he served as chief of Office of War Information's foreign language division. He enlisted in the Army as an infantry private, was transferred to Army Service Forces and edited Army Talk.

Cranston attended the opening meeting of the United Nations' General Assembly in London in order to present world government amendments. He succeeded Cord Meyer, Jr., as UWF president in October 1949 after serving as chairman of San Francisco chapter and State of California, Northern Division.

Among the books he has written was "The Killing of the Peace" which described the fight between Woodrow Wilson and Henry Cabot Lodge over U. S. entry into the League of Nations.

FILL 11 TABLES

Eleven tables of pinochle were arranged last evening at a card party, sponsored by the Mothers Association, Bristol public schools, in the high school cafeteria. Mrs. Joseph Whyatt was chairman and Mrs. Stanley Keers headed the refreshment committee, serving home-made cake and pie, tea and coffee. High scorers were: Mary White, 798; Stella Ponczek, 776; M. C. Fox, 753; O. Whyatt, 743; Schuyler White, 738.

AIR AGE COMPLICATIONS

The Borough of Queens, over the East River from Manhattan, has all of the airborne problems of Elizabeth, N. J., and then some. To the south lies the great International Airport. Busy LaGuardia Airport bounds it on the north. Landing patterns from both fields bring planes over the thickly settled district.

After a series of three terrifying crashes at Elizabeth last winter, the residents of Queens began looking more carefully at what they had theretofore taken for granted: Low flying planes. There were dire predictions that "it could happen here." Then, in the driving rain and murk of dawn, it did.

A two-engined cargo plane had made one instrument approach and was told by the International control tower that it was off course. The pilot was told to haul up and try it again. Witnesses said he gunned his engines.

Right after that there was a tremendous crash, followed by flames and a pyre of burning gasoline. Almost an entire block went up in flames. The dead include three residents of Queens, plus the pilot and co-pilot of the plane.

It will be weeks before mechanical or human failure can be singled out as the cause. But in Queens the thinking now runs like this: What do we have to do to avoid having a plane fall in our laps?

The pressure to close the airports is terrific. Emotions are high and dead bodies and seared houses are facts which cannot be answered by quoting statistics showing that air accidents per million miles flown are on the decline.

Here is a case which should receive quick attention from the committee recently appointed by the President to investigate air safety trends on a nationwide basis.

THE PARASOL

Parasols have gone more feminine than ever, according to a fashion note from Paris. Soft colors in taffetas, some not so soft in inch-wide stripes of artichoke green, even plaids are favored. Gilt charms dangle from a ring on a white lacquered handle, and there is much business with lace.

These are mostly for export, the fashion note asserts, to places like North Africa and Central America, where the sun is really hot. As a matter of fact, models in fashion shows in U. S. cities have been carrying parasols for several seasons.

Like the fan, the parasol is an item of coquettish feminine lure —the kind of 19th Century demureness depicted in the drawings of Charles Dana Gibson. The sun never had much to do with it.

Even the most modern of women, who aspires to marriage, cannot afford to ignore such a pleasing device. Whether a parasol is adaptable to use in a convertible, a bus or a taxi is another question.

"WASHINGTON REPORT"

Continued from Page One

powerful organization in the state being pledged to Taft. This county delegation will control the state convention. It is solidly for Taft.

At the moment, despite the loss of New Jersey to Eisenhower, Taft's backers are extremely confident. Barring a major blitz by Eisenhower when he returns in June, Taft's campaign directors say they can now talk about a first ballot nomination for the Ohio senator. Their figures add up to 647 votes, which is 44 more than needed for victory.

Even if you distill the enthusiasm out of their predictions, it is apparent that the Ohioan is far and away better off than he was in 1948. And by the same token, Eisenhower has an uphill battle from now on in, even if he takes to the stump to arouse enthusiasm for his candidacy. And he has announced that he is not going to do any such thing, to the total dismay of his promoters.

Stassen, at the moment, has 22 delegates, Warren six, now, but eventually 91 with his own state and Oregon in his pocket. Gen. MacArthur has 2 pledged delegates and there is a total of 62 delegates now elected who remain unpledged. This is a total of 420 out of the 1206 who will be elected by convention time.

No one can predict the direction in which the 62 unpledged delegates will go. But the 62 now unpledged, along with any others yet to be selected for the convention, will be the center of considerable political interest. In fact, the heat is already on most of them as political managers from both major camps try their art of persuasion.

Normally, if there is a big first ballot vote for a candidate, the unpledged delegates do not linger alongside the bandwagon for long. They hop aboard, and it is on the basis of this political fact that the Taft people now feel they have something to crow about. We'll see in July here in Chicago if their addition is as accurate in fact as it now appears to be on paper.

"Sun Can Set In East" White Tells Rotarians

ANDALUSIA, Apr. 24—C. Burnley White spoke to 38 members and one visitor, Tuesday evening, when Bensalem Rotary Club held a dinner meeting in King Hall.

R. C. Struble, president, was in charge. A visitor was the Rev. Arthur Matthews, rector of the Episcopal Church of the Redeemer.

C. Burnley White, who recently returned from an extended tour of Europe, Asia and the Middle East, spoke concerning "Sun Can Set in the East."

During Mr. White's trip, he made special efforts to get behind the tourist lines and talk to the average man of each country visited. He found a general apathy and listlessness among almost all countries in the Middle East. Mr. White expressed considerable concern over the Asiatic resistance to change, particularly concerning health and living conditions.

He further remarked upon their lack of enthusiasm for a democratic way of life. He mentioned that Marshall plan aid seemed in many cases to cause antagonism among the common people.

In Europe, Mr. White found an astonishing recovery being made by West Germany and he predicted that either Russia or Germany would soon dominate most of Europe, even without the necessity of a declared war.

He pointed out the possibility that the oft-quoted statement "The sun never sets in the east" may soon become a fallacy, as Russia moves into this area.

Informal discussion with Mr. White following the meeting evidenced keen interest of the Rotarians for first-hand international information.

newspapers the latter part of July and the forepart of August, and will also be publicized by means of placards throughout the boroughs and townships.

Qualifications to register will include the following: If moving here from another state, elector must complete one full year's legal residence here, prior to the date of the general election, Nov. 4, 1952. If, however, the elector has legally resided in Pennsylvania previously—then moved out of the state, and again returned—the period of time is only six months prior to the date of the election, Nov. 4th, 1952. In all cases, electors must have resided in a given district, two full months prior to the date of the election. Electors becoming of age (21 years) on or before Nov. 5, 1952, will also be eligible to register between Apr. 28th and Sept. 13th, inclusive.

Sensing an exceptionally large registration during the period, the registration department urges as many applicants as possible to visit the Doylestown office in order to eliminate inconvenience of anticipated long and undue waiting at many places before the travelling registrars throughout the county. Availing oneself of the services at the central office, the bureau points out, will unquestionably avoid waiting in long lines and crowds in various boroughs and townships throughout the county-wide field registration.

Ground-Breaking To Take Place In '52

architects could not be employed until after sufficient funds were raised to warrant such a move.

"Since the hospital has applied for federal funds under the Hill-Burton Act and also under Public Law No. 139, committees from those agencies have conducted their own surveys of the service area to determine the import of our application. Their recommendations made from their findings have had to be incorporated into the hospital plans. Thus a revision in the original drawings was made necessary. It is this revision that has caused the delay in receiving the prints from the architects.

"When the approved prints are received from the architects, the matter of posting them and advertising for open bids to do the work can be taken care of immediately. It is at this time that sufficient monies must be in the hospital treasury to guarantee the start of our hospital construction.

"The business office reports that the second payment on the pledges from the community campaign is well over the $20,000 figure to date. This is outstanding affirmation that the older residents of the community want our hospital and mean it when they pledged their support to obtain it. It is upon such sustaining support that has enabled the growth of our hospital to date and promises the early fulfillment of the entire project. In the very near future the newer residents shall have the opportunity of joining with their neighbors here in assuming their fair share of participation in our present greatest need—the erection of the Lower Bucks County Hospital."

Croydon WSCS Elects Mrs. Perkins President

CROYDON, Apr. 24 — The W. S. C. S. of Wilkinson Methodist Church held a meeting on Monday evening with Mrs. Morris Shifferstine presiding, and opening the meeting with prayer. Mrs. Doran Edwards reported concerning church activities. Plants were given to four, and 16 get-well cards were sent. Mrs. Hedricks and Mrs. Edwards had visited five sick people.

Mrs. George Remley, who had been presented an award for securing 29 subscriptions to the "Methodist Woman" and "World Outlook," presented the award to the organization. This will be framed.

Final arrangements were made for an annual banquet to be held Saturday evening, when a catered meal will be served to 100 members of the church.

Election of officers was held, with the following results: President, Mrs. Charles Perkins; vice-president, Mrs. Roy Bicking; treasurer, Mrs. George Lovett; secretary, Mrs. Edgar Higgins; recording secretary, Mrs. Richard Ehrler; secretaries — spiritual life, Mrs. Ralston Hedrick; children's work, Mrs. Doran Edwards and Mrs. Godfry Ramus; literature, Mrs. George Remley; supply, Mrs. Charles Winchester; local church, Mrs. Doran Edwards; missions, Mrs. Maul.

Refreshments were served to 32 by Mrs. Shifferstine, Mrs. Harry Smith and Mrs. Seville.

Trailer Ass'n Plans To Fight More Tax Levies

EDGELY, Apr. 24 — The Bucks County Trailer Association served notice at a mass meeting held in the Edgely Fire Hall last evening that they will fight to the finish what they term "unfair and discriminatory taxes" levied against them by townships and boroughs in Bucks County.

F. John Baker informed approximately 1,000 trailer residents that injunctions will be served this week against the Bensalem Township Board of Supervisors and the Bensalem Township Board of Education.

The supervisors last week levied a $3 special tax on all trailers, and the Board of Education, which had in effect a $2 monthly tax, raised it to $5 per month in giving consideration to it in its 1952-1953 budget. Baker stated that Attorney I. Louis Rubin will serve the injunction as soon as it can be prepared.

Prince Albert introduced the Christmas tree into England.

Christmas is not a legal holiday in Kansas.

NOTICE

Commonwealth of Pennsylvania
County of Bucks
Earle E. Lovering vs. Mabel K. Lovering. No. 10, March Term, 1952.
Complaint in Divorce.
To Mabel K. Lovering:
You are notified that Earle E. Lovering, the plaintiff, has commenced an action of divorce against you which you are required to defend.

NOTICE

Pursuant to the provisions of the Act of June 25, 1947, P. L. 1145, No. 481, its supplements and amendments, Notice is given of the intention of the School District of the Township of Bensalem, Bucs County, Pennsylvania, to enact a Resolution providing for the imposition of a monthly tax of Five Dollars ($5.00) per trailer upon the use of all house trailers which are situated or located within the said School District and are regularly occupied or used for dwelling or business purposes for a consecutive period of fifteen (15) days or more.

A copy of the proposed resolution is on file at the office of the Secretary of the said school district in the high school building at Cornwells Heights, Bucks County, Pennsylvania, where the same is available for public inspection.

The reason which, in the judgment of the officials of the School District of the Township of Bensalem, Bucks County, Pennsylvania, necessitates the imposition of the tax is the need for additional funds for general school purposes, due to the increased cost of the operation of the school district, and the belief that persons residing in trailers located within the school district or using trailers for business purposes should bear a share of the cost of operating the school district.

The amount of revenue estimated to be derived from the said tax is Twelve Thousand Dollars ($12000.00) per annum.

The aforesaid resolution will be presented to the Board of School Directors of the said school district, for final action thereon, at a meeting of said board to be held on Wednesday, May 14, 1952, at eight o'clock p. m. in the high school building of said district located on the Frankford-Bristol Turnpike, at Cornwells Heights, Bucks County, Pennsylvania. The resolution, if enacted, and the tax imposed thereby, shall become effective on July 7, 1952.

By Direction of the Board of School Directors of the School District of the Township of Bensalem, Bucks County, Pennsylvania.
WILLIAM F. ABEL, Secretary.

—o—

For God so loved the world that He gave his only begotten Son, that whosoever believeth in Him should not perish but have everlasting life. (John 3:16)

It is for every person to settle with himself what he will do with this great sacrifice which has been offered by Jesus according to the will of God, upon the cross of Calvary, and with the innumerable benefits which the sacrifice has won. We can accept with grateful hearts the spiritual blessings which are bestowed by the Cross, claiming the forgiveness of sins, and taking our places as the sons of God. Or we can prefer guilt to righteousness, and remain of our own will in the bondage of sin.

Two things are certain, that no one can achieve his own salvation, and that our salvation has been accomplished by Jesus Christ, and still another thing is quite as certain, that by an act of consent any one can place himself within the merit of Jesus' sacrifice and so make himself an heir to its fullness of life.

VARIETY REVIEW

The program was as follows: Recitation, "Invitation," Lee Castor; song, "Daisy, Daisy," Alma Parell and Joan Boyd; vocal solo, "Let Me Call You Sweetheart," Janice Ehrler; recitations, "Little Maid of Japan," Irene Snyder; "Indian Children," "Tommy" McLean; vocal solo, "Bewitched," Alan Edwards; piano solo, "The Palms," "Patsy" Perkins; Lee Castor, cast as a grandfather seated in a rocking chair, gave a reading to children seated around him on the floor; group singing by the choir, "Smile, Smile, Smile;" vocal solo, "School Days," by "Bobby" Smith; piano solo, "As You Like It," June Snyder; group singing, "Take Me Out to the Ball Game;" a play, given by girls of the choir, was entitled "Pin-Up Pals," the theme centering about a teen-age club for pin-up movie stars. The cast consisted of Joan Boyd as "Sally," Alma Parell as "Rae," Joyce Bicking as "Martha," Irene Snyder as "Sandy," Harriet Dransfield as "Ruth," Betty LeGates as "Betty," Carol Hyde as "Susan," Janice Ehrler as "Jan; others, Marie Zimmerman and "Patsy" Perkins. Refreshments were served following the play. The entertainment was directed by Mrs. Edgar Higgins.

GOOD TOOLS HELP TO MAKE THE TASK OF PRESSING EASIER

By Frances Vannoy
(Home Economics Extension Representative)

Good tools for pressing wool garments makes the job easier and gives more professional looking results. Most of the tools you can make at home.

A pressing cushion or ham is a must for good results. Make it from muslin or other firm cotton fabric. Cut the fabric in the shape of a ham, about 15 inches long, 9 inches at the wide end and tapering to 2 or 3 inches at the narrow end. Fill it with cut up wool scraps or thoroughly dried sawdust. For the outer cover, cut one piece of outing flannel and one of wool. The cushion is fine for pressing curved edges and shoulder seams.

Roll up a magazine and cover it with muslin or drill cloth and use for a sleeve roll. A wood clapper will help you to get a sharp crease in pleats and trousers. Take a piece of hard wood about 12 inches long and 3 to 4 inches wide and round it at both ends. Taper one end of the stick to about 2½ inches. Starting about 2 inches from the top of the narrow end, make a groove around the clapper. This makes it easy for you to grasp the clapper.

When pressing pleats, lapels, collars, and cuffs, put strips of clean brown paper under the edges. This helps to keep the edges from making an impression on the garment. Have the strips extend about an inch beyond the edges.

Have the iron hot enough to hiss and make steam when you set it on the damp cloth. Lift the iron while steam still escapes, set it down on the next spot and lift again while the steam rises. Never push the iron back and forth as in ironing. To avoid shine from pressing, stitch a wool and cotton cloth together on one edge. Place these with the wool cloth next to the garment, then place a slightly damp cloth over these two cloths. (When using a steam iron, this damp cloth may be omitted.) Have the iron hot enough.

$72 BILLION IN FOREIGN AID

U. S. grants and loans to foreign countries since 1940 have totaled $72 billion, the Chamber of Commerce of the United States reports. That is slightly more than the federal government will collect in direct and hidden taxes from all Americans this year. It is more than was spent by all presidents combined, from George Washington to Warren Harding, including the costs of the Revolutionary War, the War of 1812, the Mexican War, the War Between the States, the Spanish-American War, World War I, and numerous intervening Indian wars.

BAKER ENTERS NATIONAL EVENT TO BE RUN MAY 4TH

LANGHORNE, Apr. 24 — Buck Baker, the Charlotte, N. C., speedster, who established a new world's record for stock motors at Daytona Beach, Florida, was numbered among the latest entries for the 150-mile Grand National Circuit Championship scheduled for the Langhorne Speedway Sunday afternoon, May 4th.

Baker is one of the top stock car pilots in the nation today. Last season he finished well up in the money in the NASCAR national standing in the late model class and he finished third in the Modified Division; earlier this month he won the Grand National at Columbia, S. C. In the 1952 standings Baker is only rated in the fifteenth spot and on May 4th he proposes to change that by annexing triumph in the century and one-half grind.

Baker joins the National Champion Herb Thomas, who by the way was the winner of the event last season; Lee Petty, current leader in the 1952 NASCAR championship; Bill Blair, from High Point, N. C., and Don Thomas, of Sanford, N. C. The race is so close for the season championship this year and as a result we find five drivers within two hundred points and the first four having just thirty-nine points separating them.

In addition to being the defending National Champion and the defending track champion, Herb Thomas also holds the record for the 150-mile grind. Last season Thomas traversed the distance in two hours, six minutes and forty-one seconds. This mark is almost certain to be bettered in the May 4th race.

GIRLS' LEAGUE SELECT OFFICERS

NEWTOWN, Apr. 24 — The following officers were elected at a meeting of the Lower Bucks County Girls' Softball League held in Council Rock High School: President, Miss Barbara Yerkes, Bristol; secretary, Miss Mary Yerkes, Council Rock; treasurer, Mrs. Virginia Tompkins, Pennsbury.

The coaches decided to increase the pitching distance from 35 feet to 38 feet. It was announced that Delhaas High will enter the hockey league next fall but the games will not count toward championship.

The remainder of the softball schedule is as follows:

"NATURALISM" FINDS ITS WAY INTO THE MODERN KITCHEN

By Frances Vannoy
(Home Economics Extension Representative)

"Naturalism" seems to be the theme in American home decoration today.

Naturalism is finding its way into the kitchen ,and we see it expressed in natural wall materials like wood paneling, real brick, and real stone work. These are practical materials, for they do not show kitchen soil readily. Brick and wood paneled walls add a decorative touch and soften the streamlined effect of present day white equipment.

Many grades and types of wood are available, but the final effect is determined by the finish used. Too often wood paneling has been overdone with dark stain, orange shellac, or varnish. Now the trend is to let the character of the wood itself show.

A clear sealer base with light wax finishes enhance the natural qualities of the wood, making it a more desirable background. Sometimes the wood paneling is rubbed with gray or white paint to create a smoked finish that gives a pleasing effect in many kitchens. Heavy finishes are impractical in the kitchen since the heavier the finish the more often it will need refinishing.

Brick walls painted white can be a perfect background for the yellows and blues of the Scandinavian kitchen with its copper pots and pans, bright counter tops, and gay prints. Real brick with a thick coat of glossy paint is practical in the kitchen.

New plastics for the kitchen come in tile or sheet form in plain, marbleized, linen, or mother-of-pearl finishes. They are easy to keep clean, many are economical, and usually can be put on without skilled labor.

BASKETBALL TEAMS ARE BANQUET GUESTS

Members of the varsity and junior varsity basketball teams of the Bristol High School were feted at a banquet last night in the high school cafeteria. The affair was sponsored by the Bristol High School Athletic Association. The menu was prepared and served by members of the Mothers' Association.

The cafeteria was elaborately decorated for the occasion and behind the guest table was a large drawing of a basketball net and basketball with the wording "B. H. S. 40-16" underneath. The 40 wins and 16 losses represents the combined total of victories and defeats of the varsity and junior varsity teams.

Short talks were given by: Ben Watson, Anthony DiAngelo, and Joseph Sagolla, high school coaches; Devon Smith, former basketball star of Western Michigan; John Zack, Morrisville; Walter Rosser and Charles Beck, of the school faculty. Other guests were: Jerry Bloom, Horace Jefferies, Thomas Juno, and William Doan.

Players, managers, and trainers honored were: Russell Johnson, Edward Bartle, Frank Manzo, Dominick Sottille, John Asta, Kenneth Hibbs, Richard Crosby, Donald Singer, George Capriotti, Joseph Commare, Raymond Rodino, William White, Andrew Accardi, James Gallagher, William Barkasy, Raul Stevens, William Smyrl, Ercole Petrizzi, Harold Loud, William Marshall, Ronald Ciambella, Walter Holden, Robert Strobele, Jack Bowe.

Mrs. Walter Cooper was in charge of the kitchen and Mrs. Robert Braker, the dining room. Other members of the Mothers' Association assisting were: Mrs. Leonard Fenton, Mrs. Stanley Keers, Mrs. Horace Jefferies, Mrs. Herbert Hanson, Mrs. Arthur Kinkley, Mrs. William White, Mrs. Elwood McConomy, and Miss Barbara Yerkes.

The menu consisted of: Cocktail, turkey platter, celery, carrots, rolls and butter, coffee, ice cream, and home-made cake.

CONTRAST IN DEFENSE EFFORT

The U. S. plans to spend almost 20 per cent of its gross national production on defense during the coming year. The Chamber of Commerce of the United States reports that by contrast, Great Britain will spend 12.8 per cent; France, 11 per cent; Western Germany, 10.5 per cent. All three are recipients of American aid.

HOW U. S. AID IS USED

The Italian government, with the help of "counterpart funds" made available by U. S. aid, are building a mile-long railway station in Rome. The Chamber of Commerce of the United States says that the station will be larger than New York's Pennsylvania and Grand Central stations, the Cleveland Union Station and all the railroad stations in Chicago, all combined.

HIGH SCHOOL NINE SCORES A VICTORY OVER NESHAMINY

Bristol High trounced Neshaminy High, 82-8, yesterday in a one-sided track meet here. The visitors were handicapped because the senior class members of the team are visiting in Washington, D. C.

Neshaminy did not cop a first place and only had two seconds and two third places. Bristol won first, second, and third place in six events.

Roland Davis was outstanding in the meet, winning first in the 100 and also the 440. He bested Larry Cohen and Allen Holeton in the 100, and ran the 440 in :56.2, fast time considering the weather conditions.

ST. MARY'S SCORES WIN OVER DELHAAS

LANGHORNE, Apr. 24 — St. Mary's, of Langhorne, scored a close 8-7 triumph over Delhaas High yesterday. The winners scored the tying and winning runs with two out in the fourth inning. The runs were scored on three errors and a walk.

Bob White, who relieved Bob Lewis for the Delhaas team in the fourth, was the losing pitcher. Charles Young and Ed DeKoyer had two runs each for Delhaas with Mike Scioli getting three hits.

Session Here Probably Last Effort Toward Joint School

Continued from Page One

facilities. The first joint board was formed in 1908, according to Cleaver, until today there are 284 joint boards in the Commonwealth.

Cleaver discussed many of the ways in which distrust of joint boards may be overcome. He advised the employment of impartial groups to study problems, with the understanding that the boards will accept the recommendations made. He added that very often school boards have a hard time agreeing where new school sites should be located. An advantage of a joint board over the tuition basis is that there is home rule in a jointure, with an opportunity to voice opinions concerning curriculum, facilities and faculty.

Cleaver explained that there are many ways for joint boards to finance their construction of schools. He then added that the last session of the General Assembly appropriated a large sum of money for building construction costs. He said that in joint boards the state will pay $500 the reimbursement fraction for each teaching unit in the system. A teaching unit is 30 pupils on the elementary level and 22 pupils on the secondary level. Cleaver added that the joint board must be approved before it will receive these benefits.

Cleaver reminded the gathering that the Constitution puts the responsibility on the General Assembly to maintain a high level of education. Sub-standard education means that the General Assembly is not living up to its obligation.

Following Cleaver's remarks there was an extensive question and answer period. Gene Nichols, Leon Plavin and Alfred E. Lewis, president of the Bristol Borough School Board, questioned Cleaver extensively, attempting to get a concrete answer from him, as to whether it would or would not be mutually beneficial to all of the boards to enter into a jointure. Cleaver stated, every time a specific answer was required from him concerning a jointure in this area, that to answer the questions would require a familiarity with all of the figures, which he did not have.

Mr. Lewis questioned Cleaver if the state would approve the joint school subsidy for a joint board that contained one large district and one small district. Cleaver replied that this problem has not yet arisen since the act was passed, but that it probably would be approved if the system was mutually beneficial, and not just a method of gaining a greater income from the state.

The question concerning an additional subsidy if Bristol Borough joined a joint board that was already formed, was asked. Cleaver stated that the subsidy will not be paid twice, so that those joint boards receiving the subsidy would not get further aid by adding boards.

Lewis presented to Cleaver information concerning the building of high school in this area. Lewis stated, "Bristol Borough is crowded and we no longer have enough facilities. Both boards need new high schools. Perhaps a 1,200 pupil high school could be built with 800 township students and 400 from the borough."

Cleaver replied that if the boards are interested then they should get together. He added that there is no way to force the issue. This line of questioning brought forth a deluge of volunteered information, all of which pointed to the fact that Bristol Township is going to need a high school well in excess of 1200 students, just to care for the township needs.

This line of questioning led to the subject of the proper size of high schools. Cleaver stated that in his personal opinion a junior high school of about 800 students and a senior high of the same size was a well balanced system. He added that economists have determined that the cost per pupil decreases up to about 10,000 students in a school system, but he warned that the law of diminishing returns for students is encountered much before that figure. He felt that the students lose much of their individual training in a large system, and that extra curricular activities play a large part in the education of children.

Cleaver suggested that it might be a fine idea to build a large vocational school in this district and that perhaps a joint board could be formed to build it. Walter Miller, Regional Superintendent of Delhaas Schools, stated that such a school was being contemplated and that it would probably be a Lower Bucks County Vocational School for every interested district in this area, including Neshaminy, Pennsbury and Bensalem school districts.

Oscar Booz, a Bristol Township Commissioner, asked Cleaver if there was any way that Bristol Township could be assured that Levittown would not incorporate after the Township had built all of the schools. Cleaver stated that there was no way that he knew of to prevent such an occurrence, but that the schools would have to be purchased from the board.

Leon Plavin asked for a show of hands at the end of the meeting to determine how many of the people present were in favor of employing the Pennsylvania Economy League or some other impartial group to make a study of the area and the feasibility of a jointure. Following Cleaver's concluding remarks, Chamber of Commerce President, Chauncey Stoneback, asked for a show of hands. The results were about equally divided, with the greater number of people present abstaining from voting.

Mr. Stoneback thanked Cleaver for appearing before the group and assured him that his knowledge of the subject had helped the gathering to further understand the problem. Mr. Lewis thanked Cleaver for all of the fine complimentary things that he had said about the well balanced educational program of the Bristol Borough schools.

J. Russell Straub, president of the Delhaas Joint Board, stated that the board members were deeply appreciative of the opportunity that was granted them by the Bristol Chamber of Commerce by arranging for the meeting.

FISH IS YEAR-'ROUND FOOD; MAKE IT VERY PROMINENT ON MENU

By Frances Vannoy
(Home Economics Extension Representative)

Fish once a week is a good habit, regardless of season. It is an inexpensive protein food, always available frozen or fresh at the market.

Fish, especially seafood, is rich in iron, iodine, and phosphorus, all minerals needed in the diet.

Best for baking and broiling is fish with natural fat. Salmon, striped bass, halibut, red snapper, mackerel, trout, and whitefish are fat fish. With cooking fat or salad oil added, fillets and steaks of leaner fish may be broiled or baked. Among the lean fish are cod, haddock, ocean perch, sole, pollack, and swordfish.

Fish needs special fixings to make it tasy. Serve it with a snappy tomato sauce, cheese sauce, or lemon butter sauce. Garnishes for fish include radish roses, lemon and tomato wedges, parsley, and cucumber slices.

For a baked fish dish, try creamy baked fillets. The following recipe makes four servings,

Creamy Baked Fillets

1 to 1½ pounds frozen or fresh fillets or
2 pounds halibut steak, 2 inches thick
½ cup flour
1 teaspoon salt
½ teaspoon paprika
½ to 1 cup light cream or top milk
1 cup soft bread crumbs
2 tablespoons melted butter
1 tablespoon chopped parsley

Thaw fish. Heat oven to 375 degrees Fahrenheit. Coat fish with flour, salt, and paprika. Arrange in single layer in greased shallow baking dish. Pour in cream until it almost covers fish. Sprinkle with crumbs tossed in butter and parsley. Bake uncovered 30 minutes or until fish flakes easily with fork.

Serve this baked fish with buttered carrots or peas, steamed cabbage, whole wheat bread, prune and pineapple salad, chocolate bread-pudding, and coffee.

FOREIGN AID VS. FARM WEALTH

The $72 billion which the U. S. has spent for foreign aid since 1940 is almost four times the $19 billion net income from farming in the U. S. last year. It is half as much as the $143 billion total value of all U. S. farm assets. The Chamber of Commerce of the United States recommends that the rate of foreign aid spending, which has been running at the rate of $6 billion a year for 12 years, be reduced to $5 billion a year. The federal budget calls for spending $10.5 billion next year.

GROWING TAX BURDEN

The federal personal income tax was adopted in 1913, with rates ranging from 1 to 7 per cent. Today rates range from 22.2 to 92 per cent. The corporation tax, when adopted in 1909, amounted to 1 per cent. Today it averages 60 per cent of corporations' earnings. The total tax burden—direct and hidden; federal, state and local—now is approaching 35 per cent for the average American. Those in the $2,000 to $3,000 income group pay almost 30 per cent of their incomes. These facts were reported by the Chamber of Commerce of the United States in recommending that proposed foreign aid spending be cut from $10.5 billion to $5 billion next fiscal year.

LITTLE BOOK...BIG HELP

It pays to keep telephone numbers handy in this Personal Telephone Directory . . . a little book that's just the right size to keep beside your telephone.

In it you can jot the telephone numbers of friends and relatives, and any other numbers you may have occasion to call. Then, whenever you want to make a call, you find the number at your finger tips. You won't be tempted to "guess" at numbers, running the risk of making the call all over again because you guessed wrong.

A Personal Telephone Directory is yours for the asking. Just call or stop in at our Business Office.

RECOVERY FIGURES MISLEADING

Figures are frequently cited to show that European countries aided by the Marshall Plan have increased their industrial production by 50 per cent since 1938. The Chamber of Commerce of the United States, in recommending a $5 billion limit to foreign aid spending next fiscal year, says the figures are misleading. The Chamber says that when total production, including agriculture and the production of services, is taken into account, the rate of recovery in Europe has been much smaller. Citing the example of Great Britain, which has an outstanding recovery record, the Chamber says that total production in 1950 was only 12.6 per cent higher than in 1938 and the net production per persons at work was only 3.1 per cent higher.

WOMAN RESTAURANT OWNER BEING SUED

Lansdale Couple Name Henrietta Cunningham; Seek Sum of $2,097

LOCAL DIVORCE CASE

DOYLESTOWN, Apr. 24—A Lansdale couple, Stanley and Shirley Rosenberg, have named a New Hope restaurant proprietress, Henrietta Cunningham, of the Tow Path House, the defendant in a $2,097 action in trespass, in the Court of Common Pleas, here.

The plaintiff, Shirley, alleges that Aug. 25, 1951, she tripped and fell while walking down a stairway into the defendant's restaurant. She claims $1500 for injuries to her leg and ankle. She claims $75 for wages spent getting someone to do her housework. The husband-plaintiff claims $22 for a doctor's bill and in his own right he seeks to recover $500.

Divorce libels have been filed by a Bristol wife, Springtown husband and Willow Grove Naval Air Station sailor.

James E. Price, Willow Grove Naval Air Station sailor, is suing his wife, Jane Ruth Price, 3 Osage avenue, Lacey Park, for divorce. They were married Sept. 1, 1949, in Philadelphia.

Cecile Hannam, Mount Vision, N. Y., is being sued for a divorce by Pierre Hannam, Springtown township. They were wedded March 17, 1939, in Mulhouse, Alsace, France.

Gertrude A. Pierson, 1035 Pond street, Bristol, has named her husband, Raymond J. Pierson, same address, the defendant in an action in divorce. They were united in marriage May 2, 1945, in Elkton, Md.

S. E. Crouthers, Coopersburg, RD 1, has been named the defendant in an action in assumpsit by John T. Early, trading as the Chestnut Hill Lumber Co., Bethlehem Pike and Montgomery avenue, Phila., claiming $364.62 dated Aug. 1, 1951. The actfons grows out of the purchase of lumber and millwork materials.

FOREIGN AID BALANCE SHEET

At the end of this fiscal year, on June 30, there will be $7.9 billion in foreign aid funds left over from previous years. The new federal budget calls for another $7.6 billion appropriation, making a total of $15.5 billion available for spending in fiscal 1953. The budget calls for spending $10.5 billion in fiscal 1953, leaving $5 billion for spending in the following year. The Chamber of Commerce of the United States recommends that spending be limited to $5 billion in fiscal 1953. This would leave $2.9 billion of the present surplus for spending in the following year, without any new appropriation this year.

Three U. S. presidents died on July 4—John Adams, Thomas Jefferson and James Madison.

Left, above, is a fuel filter used just 30 days in a conventional oil burner. Below it is the same kind of filter *from the same burner* after 60 days operation with Gulf Solar Heat.

You can expect the same kind of improvement when *you* switch from any ordinary heating oil to *improved* Gulf Solar Heat; a difference that repays you constantly throughout the heating season in many ways.

We're ready to deliver when you call and to start you off on your best heating season yet—with a tankful of *improved* Gulf Solar Heat!

Kidney Slow-Down May Bring Restless Nights

When kidney function slows down, many folks complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

NEWS OF SCHOOLS IN AREA---

All public, private and parochial schools in the Bristol area are invited to send news items for publication in this column which appears frequently.

George School

NEWTOWN, Apr. 24 — Faculty and student honors, a plea for racial understanding, and music were in the varied news from George School this week.

Mary A. Meeker, acting dean this year in the absence of Barbara M. Clough, was appointed dean. Miss Meeker, a native of Upper Montclair, N. J., has been in administrative work at George School since 1947. She earned both her bachelor and master degrees from Mount Holyoke College.

In student elections, Sheridan W. Johns, 3d, Morrisville, became the first day student ever elected to head the government of the 444 pupils at the Friends school. The son of Mr. and Mrs. Sherry W. Johns, "Dan" has been active in publications work and was also chosen a member of this summer's work camp project to be held in France. The girl student representative elected to share leadership was Sue Nason, Washington, D. C.

The statements of Principal Richard McFeely and William Hubben, director of religious interests, for Edward R. Murrow's "This I Believe" radio program are being included, the U. S. State Department announced last week, in a series of 39 such statements of belief being mailed to 97 foreign countries for use in their newspapers. Others honored by the extensive use of their personal creeds in this country and abroad include Helen Keller, Eleanor Roosevelt, William O. Douglas, Herbert Hoover, Harold Stassen, and Pearl Buck.

"Our lack of racial understanding is disturbingly effective propaganda for the Russians, which they are using to full advantage," declared Charles Wells, lecturer, cartoonist, and editor, in an April 20 address at George School. The father of a George School junior, Mr. Wells sketched a typical Russian propaganda poster and urged "that we act tolerantly to deprive them of their most effective material." Following him in the Sunday morning assembly series are: April 27—Thomson Oakley, artist from Villanova; Lewis M. Hoskins, general secretary, American Friends Service Committee, Phila.; Rabbi Jonah B. Wise, New York, N. Y.; and art teacher Leah Perkins, George School.

Music director Robert W. Steele led the school's mixed chorus and orchestra through a spring musicale on Saturday, features of which were numbers by a special chorus, a piano solo by exchange student Gudrun Adam, of Berlin, Germany; and a selection from the work of Brahms which included many faculty voices along with those of the regular chorus.

tors almost daily, with tremendous success. He has fathered the concepts which have made possible the Northern Republican-Southern Democrat coalition in Congress, a fusion which has fenced in the socialistic and dictatorial schemes of the executive branch of the government. He is probably better versed on national problems than any other man alive. His brilliant and well educated mind has been given the advantages of almost incredibly vast experience. In the forensic field, it is noteworthy that Senator Taft is the only man in politics today who twice successfully out-debated President Truman on key issues—once via national hookup on the occasion of the veto of the Taft-Hartley Labor Law, and again on the veto of the Republican tax cuts in 1947.

D. Position on national issues.

EISENHOWER. Vaguely defined strictly in generalities.

TAFT. Crystal clear as a result of his long and important service in the U. S. Senate, during which time he has not only helped write legislation on a host of subjects, but has put himself on record courageously and in detail. As to his position, he is most literally "Mr. Republican." Which is to say that if there is such a thing as a Republican position on national affairs, it is far more accurately defined as what the Republicans majorities have been voting for in Congress than anything to be found in political platforms—and that voting record is far more directly the work of Senator Taft than any other individual.

All of the above summary is a matter of general public knowledge. Taft's opponents themselves have frequently conceded that he is the ablest, best informed and most courageous Republican the party has had a chance to nominate in some fifty years.

These admissions are on a "yes, but" basis, and wind up of course saying in effect that while Taft is the best, someone else would be better.

The issue is cleancut. Which way will the choice fall?

TWO RIVER SPANS CONTINUE TO SET NEW REVENUE MARK

Such Total $531,857 During First 3 Months of the Year

1,944,599 VEHICLES

Gain of 24.03 Per Cent Over Same Period of the Year 1951

Special to Courier

PALMYRA, N. J., Apr. 24 — The Tacony - Palmyra and Burlington-Bristol bridges continued to set new revenue and traffic marks during the first three months of this year.

In his quarterly report, Fred C. Norcross, Jr., secretary - treasurer of the Burlington County Bridge Commission, disclosed that revenues, from Jan. 1 to March 31, totaled $531,857.07. This was an increase of $98,784.41 or 22.81 per cent over the first three months a year ago.

During the 91-day period, he said, a total of 1,944,599 cars, buses and trucks traveled over the two spans. This was a gain of 376,748 or 24.03 per cent over the same period in 1951.

Norcross added that $104,294.02 was produced in revenues on the Burlington - Bristol bridge during this period, a gain of $32,931.61 or 46.15 per cent. The span's traffic count totaled 391,922, an increase of 131,187 or 50.31 per cent.

March revenues on both spans totaled $186,780.96, an increase of $24,588.73 or 15.16 per cent over the same montlf a year ago. During the 31-day period, a total of 681,073 vehicles crossed the two spans. This was a gain of 92,112 vehicles or 15.64 per cent.

Since Oct. 23, 1948, when the commission acquired the two spans, they have produced revenues of $6,642,858.49. The traffic count, Norcross said, was 24,512,875 vehicles.

During the 41 months of operation by the bridge commission, the Tacony - Palmyra span's revenues totaled $5,601,050.47, and 20,648,356 vehicles traveled over the bridge.

The Burlington - Bristol bridge's revenues, during this period, totaled $1,041,808.02 and its traffic count was 3,864,519 vehicles.

A breakdown on the March report follows:

Tacony-Palmyra bridge: Revenues, $150,231.20, an increase of $14,823.75 or 10.95 per cent; traffic, 543,617, an increase of 53,032 or 10.81 per cent.

Burlington-Bristol bridge: Revenues, $36,549.76, an increase of $9,764.98 or 36.46 per cent; traffic, 137,456 vehicles, an increase of 39,080 or 39.73 per cent.

Many Mill St. Stores To Be Open Thursday Nights

"As an added shopping convenience many Mill street stores will be open Thursday nights, starting May 1st. This will be in addition to the stores being open on Monday and Friday evenings," it is announced.

The Mill street merchants who will have their stores open on the additional evening believe this will prove an incentive for people to shop earlier during the week.

GROUND-BREAKING TO TAKE PLACE IN '52

Lower Bucks Co. Hospital Plans Advance; Project Is Sizeable

STATEMENT IS ISSUED

With the arrival of spring-like weather has come also an avalanche of inquiries to the Public Relations Committee as to when ground breaking for the Lower Bucks County Hospital is to take place. The committee chairman can state at this time only that ground breaking definitely shall take place sometime this year. The Lower Bucks County Hospital has grown to considerable size. The many and varied stipulations that must be complied with as the result of recommendations made from surveys by the state and federal agencies has had the effect of extending the original time schedule set for the hospital.

A statement from a spokesman says:

"The hospital, as with any construction, must find its way from first the drawing boards where the structure must be conceived from an idea to drawings on paper. Once the drawings are approved, then comes the transition to the details in blue print form. These details must be calculated and worked out to comply with the highest standards required by not only the hospital organization, but also those set by the state and the federal government agencies. This phase of the work has been going on continuously since the conclusion of the original fund raising campaign. It must be remembered that the

Newtown Ambulance To Be Available April 26th

NEWTOWN, Apr. 24—The American Legion announces the ambulance acquired in the recent drive will be in operation commencing April 26th, the funds collected to date being $6620. It will be served by a picked crew of drivers on a 24-hour basis. Many Legion members are taking the first aid course being sponsored by Red Cross. In addition, each driver is taking specific instruction in the operation of the ambulance and equipment.

The ambulance will be dispatched in all emergencies and on orders of a physician. For service call Newtown 3591.

Booths will be manned by Red Cross workers at the post office arcade, Apr. 25th and 26th, to sell tickets for a "movie" to be shown at Towne Hall the following weekend. This will be a benefit performance, sponsored by Newtown Red Cross. Proceeds will go for midwest flood relief.

Clean Up-Paint Up-Fix Up

Streets and highways are no place for odds and ends of rubbish, neither is the vacant lot next door. We know it seems easier to keep our own place free of trash by dumping or tucking it into the nearest half hidden spot we can find, but this also seems somewhat like the little fellow who considers himself washed when a spot around his chin has been dutifully soaped and rubbed off on the towel. Cleanliness should not end with one's own property line. When we come to feel that the whole town is our own front yard, then we will find a pride in cleaning it up and keeping it that way all of the time.

Backed by the Lower Bucks Co.-Bristol Chamber of Commerce, the Clean Up—Paint Up—Fix Up period will begin in Bristol on Saturday, May 3rd, and continue through Saturday, May 17th.

"WASHINGTON REPORT"

By FULTON LEWIS, JR.

(Copyright, 1952, King Features Syndicate, Inc.)

CHICAGO, April 24 — In the fifteen states which have selected delegates to the Republican national convention here in July, Senator Robert A. Taft, of Ohio, has already won more than he had in 1948 in all but three contests. In these three he stayed even with his 1948 record.

The Ohio Senator got 224 first ballot votes in 1948. He now has 208 compared to General Eisenhower's 120. But the significance of Taft's standing lies in the fact that he has ahead of him delegate contests in which he is virtually assured an additional 164 delegates.

This would leave the senator far short of the 603 needed to win a first ballot nomination, but it is a powerful block of votes and an excellent persuader for uncommitted delegates who will be here, window shopping for the man who looks like a winner.

In the latest contest, New Jersey, Taft picked up six delegates where he expected none. He did not have any from New Jersey in 1948.

On May 6, Massachusetts, Maryland and Ohio pick their convention delegates. The senator's backers claim he is assured of 56 in Ohio, at least 12 in Maryland and 10 in Massachusetts.

This leaves West Virginia, Oregon, California and South Dakota. California has 70 delegates, none of which will go into the Taft corner. Gov. Earl Warren will get them all, and will hand them to Eisenhower. In Oregon, it's the same story. The 15 votes there will probably go to Warren and then Eisenhower. West Virginia has 16 delegates and Taft's backers are banking on capturing 15 of them. In South Dakota, Taft is expected to pick up 7 out of 14. He had none in any of these four states in 1948.

The South, according to Taft's campaign managers, will supply the senator with additional delegates that were unpledged in the race four years ago. Taft already has 12 in Florida, 19 in Kentucky, 13 in North Carolina and 19 in Tennessee.

Collecting delegates in the South for Taft has been the chore of Representative Carroll Reece, the Tennessee congressman, and former G.O.P. national chairman. Reece is predicting that Taft will get 30 out of 38 Texas delegates, six out of six in South Carolina, nine out the 15 in Louisiana; 12 out of 26 in Missouri and 12 out of 14 in New Mexico.

The Senator already seems assured of 20 out of 23 delegates in the state of Virginia, and 12 out of 16 in Oklahoma. Reece was largely responsible for the state of affairs in Virginia. He personally organized the campaign in Arlington county that resulted in the most

PLANNING COMMISSION OFFERS ASSISTANCE

Makes Technical Knowledge of Staff Available To Township Officials

SUBDIVISION RULES

As a measure to increase effectiveness of the subdivision regulations of the Bucks County Planning Commission, Howard M. Barnes, chairman of the commission, on April 21st sent the enclosed letter to the township commissioners, supervisors and secretaries in lower Bucks county.

"Our Commission, as you doubtless know, for more than four months has been reviewing all plats in the county which divide land into three or more parcels. This has been done under authority of the state enabling legislation under which the Commission was established by the county commissioners in 1951. In order to make sure that the decisions of the Commission will be fair and in the best interests of the health and welfare of all citizens of the county, regulations governing the subdivision of land have been adopted. These regulations were sent to you in March, as soon as they had been printed; we hope that you received them and that they have been of use.

"The Commission regards the administration of these regulations as an undertaking in which they need the cooperation of local officials and also one in which we may help supervisors with some of the difficult development problems which they face.

"It will be of the greatest assistance to the Commission if you will call the subdivision regulations and procedures to the attention of all developers with whom you come in contact.

"We hope that the Commission can be of help to supervisors and believe that the first step to take in this direction is to make available to you the technical knowledge of our staff.

"Please let me know if we can be of service to your township."

PLAN DANCE

TULLYTOWN, Apr. 24—On April 26th a square and ballroom dance will be held at 8.30 p. m., in Tullytown Fire Co. station, sponsored by Home and School League. An orchestra will furnish music. Caller for square dances will be Arthur Boan. Committee in charge will be Mrs. Walter Strouse, chairman; Mrs. John Walterick, Mrs. Edward Foraker, Mrs. Carter Rosser, Mrs. Thomas Harrison, Mrs. A. Veitz, Mrs. William Swangler, and Mrs. Ralph Hart.

SIX BUCKS CO. BABIES

Abington Hospital reports 40 births during last week—17 boys and 23 girls. Six Bucks Countians were listed: Mr. and Mrs. John P. Ogelby, Newtown, a son; Mr. and Mrs. William O'Connor, Southampton, a son; Mr. and Mrs. William Baldwin, Yardley, a daughter; Mr. and Mrs. Paul Kosiak, Doylestown, a daughter; Mr. and Mrs. LeRoy Tomlinson, Furlong, a daughter; Mr. and Mrs. Neal C. Clark, Doylestown, a daughter.

VOTING REGISTRATION TO BE RESUMED SOON

Applicants Urged To Appear At Doylestown Office To Avoid Waiting Later

RESUMPTION APRIL 28

Following the 50-day closed period for registration for voting prior to Tuesday's primary, the Bucks County Registration Commission announces the resumption of registration at its Doylestown office, Administration Building, on Monday, April 28th.

The office will be open daily from 8.30 a. m. to four p. m., and Saturdays until 12 noon (legal holidays excepted), up to, and including Sept. 13th, when registrations will again close for the 50-day period prior to the general election., Nov. 4th. Registering during this period —Apr. 28th to Sept. 13th, inclusive, will create eligibility to vote at the presidential election, Nov. 4th. Removal notice cards from registered-electors in Bucks county, who have moved within the county, will also be executed and received during this period. Under the provisions of the law, party changes may not be made until Dec. 5th, following the general election.

In addition to Doylestown office hours, travelling boards of registrars will again tour the county, sitting in the various boroughs and townships, beginning Aug. 4th, through Aug. 28th, inclusive (Saturdays and Sundays excluded). The definite dates and places of the travelling registration will be advertised in seven Bucks county

LATEST NEWS BULLETINS

'Plane Explodes; 4 Vacationing Americans Killed

Ensenada, Mex.—Four vacationing Americans today were reported killed when a single-engined plane exploded in mid-air and crashed into boulder-strewn terrain in Baja California, Mexico.

Uncover 3 Bushels of Deadly Weapons at Prison

Jackson, Mich.—Jackson prison officials said today that three bushel baskets of deadly weapons were uncovered by state troopers and guards who combed the riot-torn yards with six mine detectors. Four hundred additional weapons were added to the haul after a shakedown of two cell blocks. The weapons included knives, meat cleavers, wrenches, lengths of pipe, baseball bats and a pitchfork.

Meanwhile, James Akin, one of the nine guards still held by rebels in cellblock 15 at Jackson, was released today, suffering from a nervous collapse. He said his nerves "gave way" but that he "wasn't mistreated."

Publishers to Vote on Resolution Censuring Truman

New York—The American Newspaper Publishers Association votes today on a resolution censuring President Truman for his seizure of the steel industry and for implying he has the power to seize the press. The resolution was introduced at the ANPA's 66th annual convention in New York by Maj. Gen. Julius Ochs Adler, vice president and general manager of the New York Times.

Taft and Eisenhower Running Neck and Neck

Washington—A box score of the Republican presidential primaries to date shows that Sen. Taft (R) Ohio and Gen. Eisenhower are running almost neck and neck in the race for delegates. Taft has 10 more than Ike, leading 235 to 225.

Senate Vote Nearly Abolishes RFC

Washington—Administration forces supporting a bill to revamp the Reconstruction Finance Corporation smarted today under the lash of a Senate vote that nearly abolished the agency. Sen. Fulbright (D) Ark., sponsor of the bill, said he will confer with Senate leaders to decide whether to make another fight. The Senate sent the Fulbright bill back to the Banking Committee after the legislators, by a surprise vote of 42 to 37 tacked on an amendment offered by Sen. Byrd (D) Va., which would liquidate RFC.

Newtown Businessmen Seek Parking Survey

NEWTOWN, Apr. 24—Stanley B. Sutton, Jr., was elected president of Newtown Businessmen's Association, Tuesday evening, at the Temperance House. Forrest Bliem was elected vice - president, and Raymond Goodnoe, treasurer. Members of the executive committee elected are: Peter Chesner, Brinton Hogeland and Mrs. Harriette Lutz.

Charles Mensch, of the retail committee, reported that merchants will display antiques, relics, etc., in keeping with the historic atmosphere of Newtown, on May 17th at "Open House" day to be celebrated then.

After much discussion as a result of the address of Michael Rapuano before the association last week, the association moved to request borough council to have the Planning Commission make a survey of the parking situation and possibilities adjacent to the business area.

The First National Bank and Trust Co., which has provided parking space for the town will have a sign directing people there, which will be placed at the intersection of State street and Centre avenue.

SESSION HERE PROBABLY LAST CONCERTED EFFORT TO REVIVE LAGGING ENTHUSIASM ON JOINTURE, DELHAAS JOINT BOARD AND BRISTOL BOROUGH SCHOOL BOARD

THE BASIC CHOICE

In the last analysis, the choice for the Republican nominee for president is one which will be made in the hearts and minds of the delegates themselves.

Pledged or unpledged, these delegates face in the privacy of their consciences the most weighty decision which perhaps any such body of men and women has undertaken in all the long history of our country.

Nationally we are at a crossroads, and the Republican nomination will set the course not for years but for generations.

If the Republican Party comes forward with a winner who believes heart and soul in the American Constitution and in our national traditions, not merely the election next fall, but the world itself will be vastly different than it will be if the Party repeats its mistakes of the past two decades, picks another me-too loser, and lets the demoralized Democrats win by default.

Two men, from wholly different backgrounds, are the rival contenders for the Republican nomination who have left all other competition far behind.

The time is ripe to strike a balance-sheet between them. What has each to offer, and what are their potential handicaps?

A. Political experience.

EISENHOWER. None.

TAFT. Climbed the ladder from representative in the Ohio legislature (1921-26) through the speakership, the state senate, and since 1938, in the United States Senate, where he has come to deserve the apt nickname of "Mr. Republican".

B. Successful political campaigns.

EISENHOWER. None; never ran for public office.

TAFT. Never defeated. Was one of the principal Republicans who turned back the New Deal at its Maine-Vermont high tide by his success in recapturing one of Ohio's U. S. Senatorships from the Democrats in 1938. In Ohio two years ago, when Taft was up for re-election, the White House, the national Democratic organization, and an army of CIO-PAC and other labor political groups set out to "purge" him. In a sensational whirlwind campaign he rolled back this mass opposition, scored a terrific landslide of some 600,000 majority, and even captured one after another of the state's labor centers.

C. Experience in debating national issues.

EISENHOWER. Virtually none.

TAFT. Has been a Republican floor leader for years, and as such has debated all public questions with the New Deal ora-

Seaboard Container Corp. Calls Special Meeting

Pursuant to a directors' meeting, a special meeting of stockholders of the Seaboard Container Corporation to consider proposed changes in the corporation's charter will be held at the offices of the company here on Monday, May 12, at two o'clock. The announcement was made by President Fredric R. Mann.

"The shareholders will be asked to remove from the charter any mention of the 5½% Convertible Preferred Stock, par value $20, all of which has been redeemed and therefore is no longer in existence," President Mann said. "They will be asked to increase the non-cumulative cash dividend priority of the Class A stock over the Class B stock from 50 cents to 80 cents a share annually when and as declared by the board of directors, after which all shares would receive equally any further dividends declared. The stockholders will also be asked to authorize the directors to declare stock dividends at any time on both Class A and Class B common stock, share and share alike."

Anniversary of Salon is Marked by A Ham Dinner

LANGHORNE, Apr. 24—The 25th anniversary of Bucks County Salon, No. 74, 8 'n' 40 Societie, was observed last evening in Cadet hall. The affair was outlined to include a baked ham dinner, short business meeting, exchange of "Pollyanna" Easter gifts, and quiz games. Mrs. Ira Smith favored with piano soli.

Mrs. Harlan Everitt, of Elkins Park, president of the unit, presented each member with a pair of earrings and a carnation.

Covers were arranged for 31, and a large "birthday" cake was cut.

Among the guests were six from Montgomery County salon, including the president, Mrs. Ann Crouthamel.

The unit received messages of thanks from two ill children for toys sent them.

At the May meeting in Bristol, members from the Fallsington area will be hostesses.

AMBULANCE SERVICE

Three men were transported in ambulances of Bucks County Rescue Squad: Yesterday afternoon, Walter Downs, Penndel, to Jeanes Hospital, Philadelphia; last evening, Benjamin Gledhill, Maple Shade, to Mercy Douglass Hospital, Philadelphia; William Bradley, Philadelphia, to Harriman Hospital.

THREE DOCTORS COMING HERE

The property of Mrs. Joseph Aita, Radcliffe and Dorrance streets, is reported leased to three physicians from Abington. The names of the physicians are not announced at this time.

PLAN POLICE DEP'T FOR FOUR DISTRICTS

New Dep't Is Now Being Organized To Take Over Duties

NAME A COMMITTEE

TULLYTOWN, Apr. 24 — At a meeting held yesterday afternoon in the Tullytown Fire Co. station, representatives from the townships of Bristol, Falls, and Middletown, and the borough of Tullytown, gave consideration to the organizing of a cooperative, joint police department for the Levittown area.

It was agreed that a cooperative police department should be organized, and a committee was named to work out the necessary details.

This committee consists of: Raymond Pope, acting chairman of police committee of the board of supervisors of Falls township; Franklin Kirby, chief of police, Falls township; Frank Hibbs, chairman of the police committee of Bristol township; Joseph Seader, chief of police, Bristol township; J. Russell Newbold, chairman of police committee, Middletown township board of supervisors; Victor Scheese, constable of Middletown township; John Luciano, chairman of police committee of Tullytown borough; and John Kratz, chief of police of Tullytown borough.

Mr. Levitt said he was delighted with the cooperative spirit manifested.

He agreed to supply headquarters for the police department. This will probably be located in Levittown. It is thought that two additional police cars will be purchased immediately, and perhaps more later. Agreement is to be reached upon the purchase and style of uniform for the officers.

Discussing Grievances Today; Workers Return

The 150 employees of Kaiser Metal Products, Inc., who had reported off "sick" a few days ago, have returned to their posts, according to officials of the United Auto Workers of America.

Those on "C" shift were back at their jobs at 10.45 last night; and the "A" shift group was at work at seven this morning.

A meeting of management and union representatives was scheduled to be held at nine this morning at the Kaiser plant, when grievances were to be discussed.

PRESS DIFFICULTY

Due to a mechanical difficulty yesterday with the press of the Courier, the Courier was printed through the courtesy of the Delaware Valley Advance, on the press of that newspaper at Langhorne.

Roy Cleaver, of State Dep't of Instruction, Discusses Consolidation

100 ATTEND MEETING

Says Merging is Dependent On "Spiritual Meeting of Minds"

What was probably the last concerted effort to revive lagging enthusiasm concerning a jointure of the Delhaas Joint School Board and the Bristol Borough School Board took place last evening, as school board members, councilmen and commissioners and others interested from Bristol Township and Bristol and Tullytown boroughs listened to State official, Roy Cleaver, speak on the subject of consolidation of school districts.

A proposal to Bristol Township districts to plan a joint high school with Bristol borough was rejected by the Bristol township district several weeks ago.

Cleaver, Adviser in the Division of Consolidation and Transportation in the Department of Public Instruction, addressed the group of almost 100 residents in the Fifth Ward Sporting Club, Wood and Taylor sts., at 7.30 last evening. The meeting was sponsored by the Bristol Chamber of Commerce as a public service and in response to requests received for such a meeting.

Cleaver stated at the outset that any consolidation or merging of school boards was dependent on a "spiritual meeting of the minds between the two boards" without which nothing can be effectively accomplished. There were no indications of agreement or of future agreement exhibited at last night's meeting.

A general background of the growth of joint school districts in the state was presented by Cleaver. He stated that the first joint school act was passed in 1854, indicating that state officials realized even then that some school districts were too small to supply adequate

Alan Cranston, of UWF, Will Visit Bucks County

Alan Cranston, president of the United World Federalists, will make a personal visitation to Bucks County tomorrow to be the main speaker at the Bucks County chapter meeting of the UWF.

Earlier in the day Cranston will be in Philadelphia to discuss plans for the UWF national convention which comes to that city in June.

Cranston, former newspaperman and widely-konwn author and lecturer, will speak at the Washington Crossing Inn on "Arms Cost and UWF." Nelson W. Goodwin, of Pidcock Creek road, New Hope, is president of the Bucks County group.

Cranston, a native Californian, has been a first hand observer of International politics for 16 years, starting in 1936 as foreign correspondent for International News Service in England, Italy and Ethiopia.

During World War II, he served as chief of Office of War Information's foreign language division. He enlisted in the Army as an infantry private, was transferred to Army Service Forces and edited Army Talk.

Cranston attended the opening meeting of the United Nations' General Assembly in London in order to present world government amendments. He succeeded Cord Meyer, Jr., as UWF president in October 1949 after serving as chairman of San Francisco chapter and State of California, Northern Division.

Among the books he has written was "The Killing of the Peace" which described the fight between Woodrow Wilson and Henry Cabot Lodge over U. S. entry into the League of Nations.

FILL 11 TABLES

Eleven tables of pinochle were arranged last evening at a card party, sponsored by the Mothers Association, Bristol public schools, in the high school cafeteria. Mrs. Joseph Whyatt was chairman and Mrs. Stanley Keers headed the refreshment committee, serving home-made cake and pie, tea and coffee. High scorers were: Mary White, 798; Stella Ponczek, 776; M. C. Fox, 753; O. Whyatt, 743; Schuyler White, 738.

GRASS FIRE

Bristol firemen extinguished a grass fire at the borough wells on Bath road at 3.30 this morning.

AIR AGE COMPLICATIONS

The Borough of Queens, over the East River from Manhattan, has all of the airborne problems of Elizabeth, N. J., and then some. To the south lies the great International Airport. Busy LaGuardia Airport bounds it on the north. Landing patterns from both fields bring planes over the thickly settled district.

After a series of three terrifying crashes at Elizabeth last winter, the residents of Queens began looking more carefully at what they had theretofore taken for granted: Low flying planes. There were dire predictions that "it could happen here." Then, in the driving rain and murk of dawn, it did.

A two-engined cargo plane had made one instrument approach and was told by the International control tower that it was off course. The pilot was told to haul up and try it again. Witnesses said he gunned his engines.

Right after that there was a tremendous crash, followed by flames and a pyre of burning gasoline. Almost an entire block went up in flames. The dead include three residents of Queens, plus the pilot and co-pilot of the plane.

It will be weeks before mechanical or human failure can be singled out as the cause. But in Queens the thinking now runs like this: What do we have to do to avoid having a plane fall in our laps?

The pressure to close the airports is terrific. Emotions are high and dead bodies and scared houses are facts which cannot be answered by quoting statistics showing that air accidents per million miles flown are on the decline.

Here is a case which should receive quick attention from the committee recently appointed by the President to investigate air safety trends on a nationwide basis.

THE PARASOL

Parasols have gone more feminine than ever, according to a fashion note from Paris. Soft colors in taffetas, some not so soft in inch-wide stripes of artichoke green, even plaids are favored. Gilt charms dangle from a ring on a white lacquered handle, and there is much business with lace.

These are mostly for export, the fashion note asserts, to places like North Africa and Central America, where the sun is really hot. As a matter of fact, models in fashion shows in U. S. cities have been carrying parasols for several seasons.

Like the fan, the parasol is an item of coquettish feminine lure—the kind of 19th Century demureness depicted in the drawings of Charles Dana Gibson. The sun never had much to do with it.

Even the most modern of women, who aspires to marriage, cannot afford to ignore such a pleasing device. Whether a parasol is adaptable to use in a convertible, a bus or a taxi is another question.

"WASHINGTON REPORT"

powerful organization in the state being pledged to Taft. This county delegation will control the state convention. It is solidly for Taft.

At the moment, despite the loss of New Jersey to Eisenhower, Taft's backers are extremely confident. Barring a major blitz by Eisenhower when he returns in June, Taft's campaign directors say they can now talk about a first ballot nomination for the Ohio senator. Their figures add up to 647 votes, which is 44 more than needed for victory.

Even if you distill the enthusiasm out of their predictions, it is apparent that the Ohioan is far and away better off than he was in 1948. And by the same token, Eisenhower has an uphill battle from now on in, even if he takes to the stump to arouse enthusiasm for his candidacy. And he has announced that he is not going to do any such thing, to the total dismay of his promoters.

Stassen, at the moment, has 22 delegates, Warren six, now, but eventually 91 with his own state and Oregon in his pocket. Gen. MacArthur has 2 pledged delegates and there is a total of 62 delegates now elected who remain unpledged. This is a total of 420 out of the 1206 who will be elected by convention time.

No one can predict the direction in which the 62 unpledged delegates will go. But the 62 now unpledged, along with any others yet to be selected for the convention, will be the center of considerable political interest. In fact, the heat is already on most of them as political managers from both major camps try their art of persuasion.

Normally, if there is a big first ballot vote for a candidate, the unpledged delegates do not linger alongside the bandwagon for long. They hop aboard, and it is on the basis of this political fact that the Taft people now feel they have something to crow about. We'll see in July here in Chicago if their addition is as accurate in fact as it now appears to be on paper.

"Sun Can Set In East" White Tells Rotarians

ANDALUSIA, Apr. 24—C. Burnley White spoke to 38 members and one visitor, Tuesday evening, when Bensalem Rotary Club held a dinner meeting in King Hall.

R. C. Struble, president, was in charge. A visitor was the Rev. Arthur Matthews, rector of the Episcopal Church of the Redeemer.

C. Burnley White, who recently returned from an extended tour of Europe, Asia and the Middle East, spoke concerning "Sun Can Set in the East."

During Mr. White's trip, he made special efforts to get behind the tourist lines and talk to the average man of each country visited. He found a general apathy and listlessness among almost all countries in the Middle East. Mr. White expressed considerable concern over the Asiatic resistance to change, particularly concerning health and living conditions.

He further remarked upon their lack of enthusiasm for a democratic way of life. He mentioned that Marshall plan aid seemed in many cases to cause antagonism among the common people.

In Europe, Mr. White found an astonishing recovery being made by West Germany and he predicted that either Russia or Germany would soon dominate most of Europe, even without the necessity of a declared war.

He pointed out the possibility that the oft-quoted statement "The sun never sets in the east" may soon become a fallacy, as Russia moves into this area.

Informal discussion with Mr. White following the meeting evidenced keen interest of the Rotarians for first-hand international information.

newspapers the latter part of July and the forepart of August, and will also be publicized by means of placards throughout the boroughs and townships.

Qualifications to register will include the following: If moving here from another state, elector must complete one full year's legal residence here, prior to the date of the general election, Nov. 4, 1952. If, however, the elector has legally resided in Pennsylvania previously—then moved out of the state, and again returned—the period of time is only six months prior to the date of the election, Nov. 4th, 1952. In all cases, electors must have resided in a given district, two full months prior to the date of the election. Electors becoming of age (21 years) on or before Nov. 5, 1952, will also be eligible to register between Apr. 28th and Sept. 13th, inclusive.

Sensing an exceptionally large registration during the period, the registration department urges as many applicants as possible to visit the Doylestown office in order to eliminate inconvenience of anticipated long and undue waiting at many places before the travelling registrars throughout the county. Availing oneself of the services at the central office, the bureau points out, will unquestionably avoid waiting in long lines and crowds in various boroughs and townships throughout the county-wide field registration.

Ground-Breaking To Take Place In '52

architects could not be employed until after sufficient funds were raised to warrant such a move.

"Since the hospital has applied for federal funds under the Hill-Burton Act and also under Public Law No. 139, committees from those agencies have conducted their own surveys of the service area to determine the import of our application. Their recommendations made from their findings have had to be incorporated into the hospital plans. Thus a revision in the original drawings was made necessary. It is this revision that has caused the delay in receiving the prints from the architects.

"When the approved prints are received from the architects, the matter of posting them and advertising for open bids to do the work can be taken care of immediately. It is at this time that sufficient monies must be in the hospital treasury to guarantee the start of our hospital construction.

"The business office reports that the second payment on the pledges from the community campaign is well over the $20,000 figure to date. This is outstanding affirmation that the older residents of the community want our hospital and mean it when they pledged their support to obtain it. It is upon such sustaining support that has enabled the growth of our hospital to date and promises the early fulfillment of the entire project. In the very near future the newer residents shall have the opportunity of joining with their neighbors here in assuming their fair share of participation in our present greatest need—the erection of the Lower Bucks County Hospital."

Croydon WSCS Elects Mrs. Perkins President

CROYDON, Apr. 24 — The W. S. C. S. of Wilkinson Methodist Church held a meeting on Monday evening with Mrs. Morris Shifferstine presiding, and opening the meeting with prayer. Mrs. Doran Edwards reported concerning church activities. Plants were given to four, and 16 get-well cards were sent. Mrs. Hedricks and Mrs. Edwards had visited five sick people.

Mrs. George Remley, who had been presented an award for securing 29 subscriptions to the "Methodist Woman" and "World Outlook," presented the award to the organization. This will be framed.

Final arrangements were made for an annual banquet to be held Saturday evening, when a catered meal will be served to 100 members of the church.

Election of officers was held, with the following results: President, Mrs. Charles Perkins; vice-president, Mrs. Roy Bicking; treasurer, Mrs. George Lovett; secretary, Mrs. Edgar Higgins; recording secretary, Mrs. Richard Ehrler; secretaries — spiritual life, Mrs. Ralston Hedrick; children's work, Mrs. Doran Edwards and Mrs. Godfry Ramus; literature, Mrs. George Remley; supply, Mrs. Charles Winchester; local church, Mrs. Doran Edwards; missions, Mrs. Maul.

Refreshments were served to 32 by Mrs. Shifferstine, Mrs. Harry Smith and Mrs. Seville.

Trailer Ass'n Plans To Fight More Tax Levies

EDGELY, Apr. 24 — The Bucks County Trailer Association served notice at a mass meeting held in the Edgely Fire Hall last evening that they will fight to the finish what they term "unfair and discriminatory taxes" levied against them by townships and boroughs in Bucks County.

F. John Baker informed approximately 1,000 trailer residents that injunctions will be served this week against the Bensalem Township Board of Supervisors and the Bensalem Township Board of Education.

The supervisors last week levied a $3 special tax on all trailers, and the Board of Education, which had in effect a $2 monthly tax, raised it to $5 per month in giving consideration to it in its 1952-1953 budget. Baker stated that Attorney I. Louis Rubin will serve the injunction as soon as it can be prepared.

Prince Albert introduced the Christmas tree into England.

Christmas is not a legal holiday in Kansas.

NOTICE

Pursuant to the provisions of the Act of June 25, 1947, P. L. 1145, No. 481, its supplements and amendments, Notice is given of the intention of the School District of the Township of Bensalem, Bucs County, Pennsylvania, to enact a Resolution providing for the imposition of a monthly tax of Five Dollars ($5.00) per trailer upon the use of all house trailers which are situated or located within the said School District and are regularly occupied or used for dwelling or business purposes for a consecutive period of fifteen (15) days or more.

A copy of the proposed resolution is on file at the office of the Secretary of the said school district in the high school building at Cornwells Heights, Bucks County, Pennsylvania, where the same is available for public inspection.

The reason which, in the judgment of the officials of the School District of the Township of Bensalem, Bucks County, Pennsylvania, necessitates the imposition of the tax is the need for additional funds for general school purposes, due to the increased cost of the operation of the school district, and the belief that persons residing in trailers located within the school district or using trailers for business purposes should bear a share of the cost of operating the school district.

The amount of revenue estimated to be derived from the said tax is Twelve Thousand Dollars ($12000.00) per annum.

The aforesaid resolution will be presented to the Board of School Directors of the said school district, for final action thereon, at a meeting of said board to be held on Wednesday, May 14, 1952, at eight o'clock p. m. in the high school building of said district located on the Frankford-Bristol Turnpike, at Cornwells Heights, Bucks County, Pennsylvania. The resolution, if enacted, and the tax imposed thereby, shall become effective on July 7, 1952.

By Direction of the Board of School Directors of the School District of the Township of Bensalem, Bucks County, Pennsylvania.
WILLIAM F. ABEL, Secretary.

By The
Rev. Anthony A. Marinacci
Pastor Bristol Christian Church
(Pentecostal)

—o—

For God so loved the world that He gave his only begotten Son, that whosoever believeth in Him should not perish but have everlasting life. (John 3:16)

It is for every person to settle with himself what he will do with this great sacrifice which has been offered by Jesus according to the will of God, upon the cross of Calvary, and with the innumerable benefits which the sacrifice has won. We can accept with grateful hearts the spiritual blessings which are bestowed by the Cross, claiming the forgiveness of sins, and taking our places as the sons of God. Or we can prefer guilt to righteousness, and remain of our own will in the bondage of sin.

Two things are certain, that no one can achieve his own salvation, and that our salvation has been accomplished by Jesus Christ, and still another thing is quite as certain, that by an act of consent any one can place himself within the merit of Jesus' sacrifice and so make himself an heir to its fullness of life.

The cast consisted of Joan Boyd as "Sally," Alma Parell as "Rae," Joyce Bicking as "Martha," Irene Snyder as "Sandy," Harriet Dransfield as "Ruth," Betty LeGates as "Betty," Carol Hyde as "Susan," Janice Ehrler as "Jan; others, Marie Zimmerman and "Patsy" Perkins. Refreshments were served following the play. The entertainment was directed by Mrs. Edgar Higgins.

GOOD TOOLS HELP TO MAKE THE TASK OF PRESSING EASIER

By Frances Vannoy
(Home Economics Extension Representative)

Good tools for pressing wool garments makes the job easier and gives more professional looking results. Most of the tools you can make at home.

A pressing cushion or ham is a must for good results. Make it from muslin or other firm cotton fabric. Cut the fabric in the shape of a ham, about 15 inches long, 9 inches at the wide end and tapering to 2 or 3 inches at the narrow end. Fill it with cut up wool scraps or thoroughly dried sawdust. For the outer cover, cut one piece of outing flannel and one of wool. The cushion is fine for pressing curved edges and shoulder seams.

Roll up a magazine and cover it with muslin or drill cloth and use for a sleeve roll. A wood clapper will help you to get a sharp crease in pleats and trousers. Take a piece of hard wood about 12 inches long and 3 to 4 inches wide and round it at both ends. Taper one end of the stick to about 2½ inches. Starting about 2 inches from the top of the narrow end, make a groove around the clapper. This makes it easy for you to grasp the clapper.

When pressing pleats, lapels, collars, and cuffs, put strips of clean brown paper under the edges. This helps to keep the edges from making an impression on the garment. Have the strips extend about an inch beyond the edges.

Have the iron hot enough to hiss and make steam when you set it on the damp cloth. Lift the iron while steam still escapes, set it down on the next spot and lift again while the steam rises. Never push the iron back and forth as in ironing. To avoid shine from pressing, stitch a wool and cotton cloth together on one edge. Place these with the wool cloth next to the garment, then place a slightly damp cloth over these two cloths. (When using a steam iron, this damp cloth may be omitted.) Have the iron hot enough.

$72 BILLION IN FOREIGN AID

U. S. grants and loans to foreign countries since 1940 have totaled $72 billion, the Chamber of Commerce of the United States reports. That is slightly more than the federal government will collect in direct and hidden taxes from all Americans this year. It is more than was spent by all presidents combined, from George Washington to Warren Harding, including the costs of the Revolutionary War, the War of 1812, the Mexican War, the War Between the States, the Spanish-American War, World War I, and numerous intervening Indian wars.

BAKER ENTERS NATIONAL EVENT TO BE RUN MAY 4TH

LANGHORNE, Apr. 24 — Buck Baker, the Charlotte, N. C., speedster, who established a new world's record for stock motors at Daytona Beach, Florida, was numbered among the latest entries for the 150-mile Grand National Circuit Championship scheduled for the Langhorne Speedway Sunday afternoon, May 4th.

Baker is one of the top stock car pilots in the nation today. Last season he finished well up in the money in the NASCAR national standing in the late model class and he finished third in the Modified Division; earlier this month he won the Grand National at Columbia, S. C. In the 1952 standings Baker is only rated in the fifteenth spot and on May 4th he proposes to change that by annexing triumph in the century and one-half grind.

Baker joins the National Champion Herb Thomas, who by the way was the winner of the event last season; Lee Petty, current leader in the 1952 NASCAR championship; Bill Blair, from High Point, N. C., and Don Thomas, of Sanford, N. C. The race is so close for the season championship this year and as a result we find five drivers within two hundred points and the first four having just thirty-nine points separating them.

In addition to being the defending National Champion and the defending track champion, Herb Thomas also holds the record for the 150-mile grind. Last season Thomas traversed the distance in two hours, six minutes and forty-one seconds. This mark is almost certain to be bettered in the May 4th race.

GIRLS' LEAGUE SELECT OFFICERS

NEWTOWN, Apr. 24 — The following officers were elected at a meeting of the Lower Bucks County Girls' Softball League held in Council Rock High School: President, Miss Barbara Yerkes, Bristol; secretary, Miss Mary Yerkes, Council Rock; treasurer, Mrs. Virginia Tompkins, Pennsbury.

The coaches decided to increase the pitching distance from 35 feet to 38 feet. It was announced that Delhaas High will enter the hockey league next fall but the games will not count toward championship.

The remainder of the softball schedule is as follows:

"NATURALISM" FINDS ITS WAY INTO THE MODERN KITCHEN

By Frances Vannoy
(Home Economics Extension Representative)

"Naturalism" seems to be the theme in American home decoration today.

Naturalism is finding its way into the kitchen ,and we see it expressed in natural wall materials like wood paneling, real brick, and real stone work. These are practical materials, for they do not show kitchen soil readily. Brick and wood paneled walls add a decorative touch and soften the streamlined effect of present day white equipment.

Many grades and types of wood are available, but the final effect is determined by the finish used. Too often wood paneling has been overdone with dark stain, orange shellac, or varnish. Now the trend is to let the character of the wood itself show.

A clear sealer base with light wax finishes enhance the natural qualities of the wood, making it a more desirable background. Sometimes the wood paneling is rubbed with gray or white paint to create a smoked finish that gives a pleasing effect in many kitchens. Heavy finishes are impractical in the kitchen since the heavier the finish the more often it will need refinishing.

Brick walls painted white can be a perfect background for the yellows and blues of the Scandinavian kitchen with its copper pots and pans, bright counter tops, and gay prints. Real brick with a thick coat of glossy paint is practical in the kitchen.

New plastics for the kitchen come in tile or sheet form in plain, marbleized, linen, or mother-of-pearl finishes. They are easy to keep clean, many are economical, and usually can be put on without skilled labor.

BASKETBALL TEAMS ARE BANQUET GUESTS

Members of the varsity and junior varsity basketball teams of the Bristol High School were feted at a banquet last night in the high school cafeteria. The affair was sponsored by the Bristol High School Athletic Association. The menu was prepared and served by members of the Mothers' Association.

The cafeteria was elaborately decorated for the occasion and behind the guest table was a large drawing of a basketball net and basketball with the wording "B. H. S. 40-16" underneath. The 40 wins and 16 losses represents the combined total of victories and defeats of the varsity and junior varsity teams.

Short talks were given by: Ben Watson, Anthony DiAngelo, and Joseph Sagolla, high school coaches; Devon Smith, former basketball star of Western Michigan; John Zack, Morrisville; Walter Rosser and Charles Beck, of the school faculty. Other guests were: Jerry Bloom, Horace Jefferies, Thomas Juno, and William Doan.

Players, managers, and trainers honored were: Russell Johnson, Edward Bartle, Frank Manzo, Dominick Sottille, John Asta, Kenneth Hibbs, Richard Crosby, Donald Singer, George Capriotti, Joseph Commare, Raymond Rodino, William White, Andrew Accardi, James Gallagher, William Barkasy, Raul Stevens, William Smyrl, Ercole Petrizzi, Harold Loud, William Marshall, Ronald Ciambella, Walter Holden, Robert Strobele, Jack Bowe.

Mrs. Walter Cooper was in charge of the kitchen and Mrs. Robert Braker, the dining room. Other members of the Mothers' Association assisting were: Mrs. Leonard Fenton, Mrs. Stanley Keers, Mrs. Horace Jefferies, Mrs. Herbert Hanson, Mrs. Arthur Kinkley, Mrs. William White, Mrs. Elwood McConomy, and Miss Barbara Yerkes.

The menu consisted of: Cocktail, turkey platter, celery, carrots, rolls and butter, coffee, ice cream, and home-made cake.

CONTRAST IN DEFENSE EFFORT

The U. S. plans to spend almost 20 per cent of its gross national production on defense during the coming year. The Chamber of Commerce of the United States reports that by contrast, Great Britain will spend 12.8 per cent; France, 11 per cent; Western Germany, 10.5 per cent. All three are recipients of American aid.

HOW U. S. AID IS USED

The Italian government, with the help of "counterpart funds" made available by U. S. aid, are building a mile-long railway station in Rome. The Chamber of Commerce of the United States says that the station will be larger than New York's Pennsylvania and Grand Central stations, the Cleveland Union Station and all the railroad stations in Chicago, all combined.

HIGH SCHOOL NINE SCORES A VICTORY OVER NESHAMINY

Bristol High trounced Neshaminy High, 82-8, yesterday in a one-sided track meet here. The visitors were handicapped because the senior class members of the team are visiting in Washington, D. C.

Neshaminy did not cop a first place and only had two seconds and two third places. Bristol won first, second, and third place in six events.

Roland Davis was outstanding in the meet, winning first in the 100 and also the 440. He bested Larry Cohen and Allen Holeton in the 100, and ran the 440 in :56.2, fast time considering the weather conditions.

ST. MARY'S SCORES WIN OVER DELHAAS

LANGHORNE, Apr. 24 — St. Mary's, of Langhorne, scored a close 8-7 triumph over Delhaas High yesterday. The winners scored the tying and winning runs with two out in the fourth inning. The runs were scored on three errors and a walk.

Bob White, who relieved Bob Lewis for the Delhaas team in the fourth, was the losing pitcher. Charles Young and Ed DeKoyer had two runs each for Delhaas with Mike Scioli getting three hits.

Session Here Probably Last Effort Toward Joint School

Continued from Page One

facilities. The first joint board was formed in 1908, according to Cleaver, until today there are 284 joint boards in the Commonwealth.

Cleaver discussed many of the ways in which distrust of joint boards may be overcome. He advised the employment of impartial groups to study problems, with the understanding that the boards will accept the recommendations made. He added that very often school boards have a hard time agreeing where new school sites should be located. An advantage of a joint board over the tuition basis is that there is home rule in a jointure, with an opportunity to voice opinions concerning curriculum, facilities and faculty.

Cleaver explained that there are many ways for joint boards to finance their construction of schools. He then added that the last session of the General Assembly appropriated a large sum of money for building construction costs. He said that in joint boards the state will pay $500 the reimbursement fraction for each teaching unit in the system. A teaching unit is 30 pupils on the elementary level and 22 pupils on the secondary level. Cleaver added that the joint board must be approved before it will receive these benefits.

Cleaver reminded the gathering that the Constitution puts the responsibility on the General Assembly to maintain a high level of education. Sub-standard education means that the General Assembly is not living up to its obligation.

Following Cleaver's remarks there was an extensive question and answer period. Gene Nichols, Leon Plavin and Alfred E. Lewis, president of the Bristol Borough School Board, questioned Cleaver extensively, attempting to get a concrete answer from him, as to whether it would or would not be mutually beneficial to all of the boards to enter into a jointure. Cleaver stated, every time a specific answer was required from him concerning a jointure in this area, that to answer the questions would require a familiarity with all of the figures, which he did not have.

Mr. Lewis questioned Cleaver if the state would approve the joint school subsidy for a joint board that contained one large district and one small district. Cleaver replied that this problem has not yet arisen since the act was passed, but that it probably would be approved if the system was mutually beneficial, and not just a method of gaining a greater income from the state.

The question concerning an additional subsidy if Bristol Borough joined a joint board that was already formed, was asked. Cleaver stated that the subsidy will not be paid twice, so that those joint boards receiving the subsidy would not get further aid by adding boards.

Lewis presented to Cleaver information concerning the building of high school in this area. Lewis stated, "Bristol Borough is crowded and we no longer have enough facilities. Both boards need new high schools. Perhaps a 1,200 pupil high school could be built with 800 township students and 400 from the borough."

Cleaver replied that if the boards are interested then they should get together. He added that there is no way to force the issue. This line of questioning brought forth a deluge of volunteered information, all of which pointed to the fact that Bristol Township is going to need a high school well in excess of 1200 students, just to care for the township needs.

This line of questioning led to the subject of the proper size of high schools. Cleaver stated that in his personal opinion a junior high school of about 800 students and a senior high of the same size was a well balanced system. He added that economists have determined that the cost per pupil decreases up to about 10,000 students in a school system, but he warned that the law of diminishing returns for students is encountered much before that figure. He felt that the students lose much of their individual training in a large system, and that extra curricular activities play a large part in the education of children.

Cleaver suggested that it might be a fine idea to build a large vocational school in this district and that perhaps a joint board could be formed to build it. Walter Miller, Regional Superintendent of Delhaas Schools, stated that such a school was being contemplated and that it would probably be a Lower Bucks County Vocational School for every interested district in this area, including Neshaminy, Pennsbury and Bensalem school districts.

Oscar Booz, a Bristol Township Commissioner, asked Cleaver if there was any way that Bristol Township could be assured that Levittown would not incorporate after the Township had built all of the schools. Cleaver stated that there was no way that he knew of to prevent such an occurrence, but that the schools would have to be purchased from the board.

Leon Plavin asked for a show of hands at the end of the meeting to determine how many of the people present were in favor of employing the Pennsylvania Economy League or some other impartial group to make a study of the area and the feasibility of a jointure. Following Cleaver's concluding remarks, Chamber of Commerce President, Chauncey Stoneback, asked for a show of hands. The results were about equally divided, with the greater number of people present abstaining from voting.

Mr. Stoneback thanked Cleaver for appearing before the group and assured him that his knowledge of the subject had helped the gathering to further understand the problem. Mr. Lewis thanked Cleaver for all of the fine complimentary things that he had said about the well balanced educational program of the Bristol Borough schools.

J. Russell Straub, president of the Delhaas Joint Board, stated that the board members were deeply appreciative of the opportunity that was granted them by the Bristol Chamber of Commerce by arranging for the meeting.

FISH IS YEAR-'ROUND FOOD; MAKE IT VERY PROMINENT ON MENU

By Frances Vannoy
(Home Economics Extension Representative)

Fish once a week is a good habit, regardless of season. It is an inexpensive protein food, always available frozen or fresh at the market.

Fish, especially seafood, is rich in iron, iodine, and phosphorus, all minerals needed in the diet.

Best for baking and broiling is fish with natural fat. Salmon, striped bass, halibut, red snapper, mackerel, trout, and whitefish are fat fish. With cooking fat or salad oil added, fillets and steaks of leaner fish may be broiled or baked. Among the lean fish are cod, haddock, ocean perch, sole, pollack, and swordfish.

Fish needs special fixings to make it tasy. Serve it with a snappy tomato sauce, cheese sauce, or lemon butter sauce. Garnishes for fish include radish roses, lemon and tomato wedges, parsley, and cucumber slices.

For a baked fish dish, try creamy baked fillets. The following recipe makes four servings,

Creamy Baked Fillets

1 to 1½ pounds frozen or fresh fillets or 2 pounds halibut steak, 2 inches thick
½ cup flour
1 teaspoon salt
½ teaspoon paprika
½ to 1 cup light cream or top milk
1 cup soft bread crumbs
2 tablespoons melted butter
1 tablespoon chopped parsley

Thaw fish. Heat oven to 375 degrees Fahrenheit. Coat fish with flour, salt, and paprika. Arrange in single layer in greased shallow baking dish. Pour in cream until it almost covers fish. Sprinkle with crumbs tossed in butter and parsley. Bake uncovered 30 minutes or until fish flakes easily with fork.

Serve this baked fish with buttered carrots or peas, steamed cabbage, whole wheat bread, prune and pineapple salad, chocolate bread-pudding, and coffee.

FOREIGN AID VS. FARM WEALTH

The $72 billion which the U. S. has spent for foreign aid since 1940 is almost four times the $19 billion net income from farming in the U. S. last year. It is half as much as the $143 billion total value of all U. S. farm assets. The Chamber of Commerce of the United States recommends that the rate of foreign aid spending, which has been running at the rate of $6 billion a year for 12 years, be reduced to $5 billion a year. The federal budget calls for spending $10.5 billion next year.

GROWING TAX BURDEN

The federal personal income tax was adopted in 1913, with rates ranging from 1 to 7 per cent. Today rates range from 22.2 to 92 per cent. The corporation tax, when adopted in 1909, amounted to 1 per cent. Today it averages 60 per cent of corporations' earnings. The total tax burden—direct and hidden; federal, state and local—now is approaching 35 per cent for the average American. Those in the $2,000 to $3,000 income group pay almost 30 per cent of their incomes. These facts were reported by the Chamber of Commerce of the United States in recommending that proposed foreign aid spending be cut from $10.5 billion to $5 billion next fiscal year.

LITTLE BOOK...BIG HELP

It pays to keep telephone numbers handy in this Personal Telephone Directory . . . a little book that's just the right size to keep beside your telephone.
In it you can jot the telephone numbers of friends and relatives, and any other numbers you may have occasion to call. Then, whenever you want to make a call, you find the number at your finger tips. You won't be tempted to "guess" at numbers, running the risk of making the call all over again because you guessed wrong.
A Personal Telephone Directory is yours for the asking. Just call or stop in at our Business Office.

RECOVERY FIGURES MISLEADING

Figures are frequently cited to show that European countries aided by the Marshall Plan have increased their industrial production by 50 per cent since 1938. The Chamber of Commerce of the United States, in recommending a $5 billion limit to foreign aid spending next fiscal year, says the figures are misleading. The Chamber says that when total production, including agriculture and the production of services, is taken into account, the rate of recovery in Europe has been much smaller. Citing the example of Great Britain, which has an outstanding recovery record, the Chamber says that total production in 1950 was only 12.6 per cent higher than in 1938 and the net production per persons at work was only 3.1 per cent higher.

WOMAN RESTAURANT OWNER BEING SUED

Lansdale Couple Name Henrietta Cunningham; Seek Sum of $2,097

LOCAL DIVORCE CASE

DOYLESTOWN, Apr. 24—A Lansdale couple, Stanley and Shirley Rosenberg, have named a New Hope restaurant proprietress, Henrietta Cunningham, of the Tow Path House, the defendant in a $2,097 action in trespass, in the Court of Common Pleas, here.

The plaintiff, Shirley, alleges that Aug. 25, 1951, she tripped and fell while walking down a stairway into the defendant's restaurant. She claims $1500 for injuries to her leg and ankle. She claims $75 for wages spent getting someone to do her housework. The husband-plaintiff claims $22 for a doctor's bill and in his own right he seeks to recover $500.

Divorce libels have been filed by a Bristol wife, Springtown husband and Willow Grove Naval Air Station sailor.

James E. Price, Willow Grove Naval Air Station sailor, is suing his wife, Jane Ruth Price, 3 Osage avenue, Lacey Park, for divorce. They were married Sept. 1, 1949, in Philadelphia.

Cecile Hannam, Mount Vision, N. Y., is being sued for a divorce by Pierre Hannam, Springtown township. They were wedded March 17, 1939, in Mulhouse, Alsace, France.

Gertrude A. Pierson, 1035 Pond street, Bristol, has named her husband, Raymond J. Pierson, same address, the defendant in an action in divorce. They were united in marriage May 2, 1945, in Elkton, Md.

S. E. Crouthers, Coopersburg, RD 1, has been named the defendant in an action in assumpsit by John T. Early, trading as the Chestnut Hill Lumber Co., Bethlehem Pike and Montgomery avenue, Phila., claiming $364.62 dated Aug. 1, 1951. The actions grows out of the purchase of lumber and millwork materials.

FOREIGN AID BALANCE SHEET

At the end of this fiscal year, on June 30, there will be $7.9 billion in foreign aid funds left over from previous years. The new federal budget calls for another $7.6 billion appropriation, making a total of $15.5 billion available for spending in fiscal 1953. The budget calls for spending $10.5 billion in fiscal 1953, leaving $5 billion for spending in the following year. The Chamber of Commerce of the United States recommends that spending be limited to $5 billion in fiscal 1953. This would leave $2.9 billion of the present surplus for spending in the following year, without any new appropriation this year.

Three U. S. presidents died on July 4—John Adams, Thomas Jefferson and James Madison.

Kidney Slow-Down May Bring Restless Nights

When kidney function slows down, many folks complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

NEWS OF SCHOOLS IN AREA---

All public, private and parochial schools in the Bristol area are invited to send news items for publication in this column which appears frequently.

George School

NEWTOWN, Apr. 24 — Faculty and student honors, a plea for racial understanding, and music were in the varied news from George School this week.

Mary A. Meeker, acting dean this year in the absence of Barbara M. Clough, was appointed dean. Miss Meeker, a native of Upper Montclair, N. J., has been in administrative work at George School since 1947. She earned both her bachelor and master degrees from Mount Holyoke College.

In student elections, Sheridan W. Johns, 3d, Morrisville, became the first day student ever elected to head the government of the 444 pupils at the Friends school. The son of Mr. and Mrs. Sherry W. Johns, "Dan" has been active in publications work and was also chosen a member of this summer's work camp project to be held in France. The girl student representative elected to share leadership was Sue Nason, Washington, D. C.

The statements of Principal Richard McFeely and William Hubben, director of religious interests, for Edward R. Murrow's "This I Believe" radio program are being included, the U. S. State Department announced last week, in a series of 39 such statements of belief being mailed to 97 foreign countries for use in their newspapers. Others honored by the extensive use of their personal creeds in this country and abroad include Helen Keller, Eleanor Roosevelt, William O. Douglas, Herbert Hoover, Harold Stassen, and Pearl Buck.

"Our lack of racial understanding is disturbingly effective propaganda for the Russians, which they are using to full advantage," declared Charles Wells, lecturer, cartoonist, and editor, in an April 20 address at George School. The father of a George School junior, Mr. Wells sketched a typical Russian propaganda poster and urged "that we act tolerantly to deprive them of their most effective material." Following him in the Sunday morning assembly series are: April 27—Thomson Oakley, artist from Villanova; Lewis M. Hoskins, general secretary, American Friends Service Committee, Phila.; Rabbi Jonah B. Wise, New York, N. Y.; and art teacher Leah Perkins, George School.

Music director Robert W. Steele led the school's mixed chorus and orchestra through a spring musicale on Saturday, features of which were numbers by a special chorus, a piano solo by exchange student Gudrun Adam, of Berlin, Germany; and a selection from the work of Brahms which included many faculty voices along with those of the regular chorus.

The Basic Choice

Continued from Page One

tors almost daily, with tremendous success. He has fathered the concepts which have made possible the Northern Republican-Southern Democrat coalition in Congress, a fusion which has fenced in the socialistic and dictatorial schemes of the executive branch of the government. He is probably better versed on national problems than any other man alive. His brilliant and well educated mind has been given the advantages of almost incredibly vast experience. In the forensic field, it is noteworthy that Senator Taft is the only man in politics today who twice successfully out-debated President Truman on key issues—once via national hookup on the occasion of the veto of the Taft-Hartley Labor Law, and again on the veto of the Republican tax cuts in 1947.

D. Position on national issues.

EISENHOWER. Vaguely defined strictly in generalities.

TAFT. Crystal clear as a result of his long and important service in the U. S. Senate, during which time he has not only helped write legislation on a host of subjects, but has put himself on record courageously and in detail. As to his position, he is most literally "Mr. Republican." Which is to say that if there is such a thing as a Republican position on national affairs, it is far more accurately defined as what the Republicans majorities have been voting for in Congress than anything to be found in political platforms—and that voting record is far more directly the work of Senator Taft than any other individual.

All of the above summary is a matter of general public knowledge. Taft's opponents themselves have frequently conceded that he is the ablest, best informed and most courageous Republican the party has had a chance to nominate in some fifty years.

These admissions are on a "yes, but" basis, and wind up of course saying in effect that while Taft is the best, someone else would be better.

The issue is cleancut. Which way will the choice fall? Ability—or glamor?

Drive It Yourself!

ONLY PONTIAC GIVES YOU THIS DUAL-RANGE COMBINATION!
1. Powerful, High-Compression Engine
2. New Dual-Range Hydra-Matic Drive*
3. New High-Performance Economy Axle

A Great Car—a Great Buy—and a Spectacular Performer!

Naturally this new Pontiac is a *thoroughly good* car—for the Silver Streaks of Pontiac have *always* identified one of the best all-around automotive values in the world.

But there's something *basically better* built into this new Pontiac—something you must *drive yourself* to appreciate fully: Pontiac's spectacular new Dual-Range* performance!

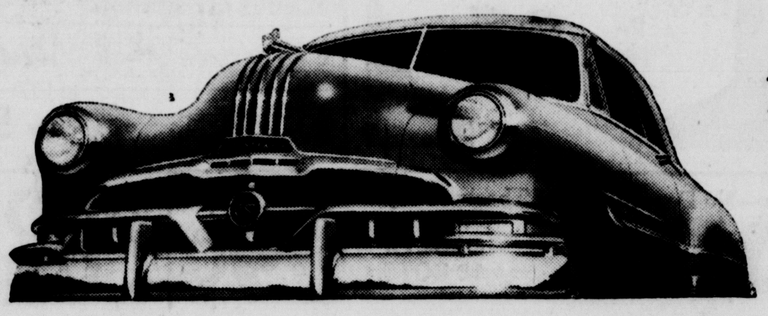

We want you to come in and drive a Pontiac as soon as you can. See for yourself how Pontiac delivers precisely the power you need, whenever you want it, *automatically*.

Set your Pontiac in Traffic Range and then pick out the toughest driving you can find—you'll ease through it with no trouble at all, relaxed and confident all the way. Out in the open, in Cruising Range, you glide over the miles as though you were coasting—saving gas every inch of the way.

Somewhere on your drive, park this Pontiac for a few minutes and look it over carefully—its distinctive Silver Streak beauty; the luxurious comfort and quality details of its interior; its sweeping full-horizon vision.

Remember, too, you're looking at the lowest priced straight-eight in America. The lowest priced car with Hydra-Matic Drive.

Then drive back to us and get the facts and figures that prove what a *great buy* this spectacular new Pontiac really is! *Optional at extra cost.

Dollar for Dollar you can't beat a Pontiac
